Des traces patrimoniales en devenir Jean Davallon, 2023-11-29 Des choses aussi différentes qu'un monument une usine une ferme un comu e un paysage l'alpinisme ou un pont d'herbes tressées sont des traces du passé qu'il faut désormais sauvegarder pour les transmettre aux générations futures L'analyse communicationnelle montre que ces traces ont acquis le statut de patrimoine en devenant des tres de langage dotés d'une nouvelle vie sociale Jusqu'aux années 1970-1980 l'attribution de ce statut était la prérogative de l'État Ensuite sont apparus de nouveaux modes qui ont de plus en plus impliqué des acteurs sociaux et fait appel à la publicisation des savoirs Aujourd'hui la reconnaissance patrimoniale de ces traces tend aussi à dépendre de schémas interprétatifs qui circulent dans la société notamment par l'intermédiaire des médias Des traces patrimoniales en devenir s'adresse tous ceux chercheurs professionnels ou étudiants qui sont divers titres intéressés par la façon dont se fabrique le patrimoine et dont celle-ci évolue

Futurism: Anticipating Postmodernism Ilaria Riccioni, 2019-08-02T00:00:00+02:00 The first Manifesto of Futurism was published on Le Figaro on February 20th 1909 It was to become the first avantgarde movement in art with the multiple aim of changing the function of art within society foster Italian culture beyond its provincial domains and last but not least extend language as free expression of a new and forthcoming society of technology Art in life was the deep aim of Marinetti's poetry which was then to expand well beyond Italian borders and well beyond artistic expression becoming an attitude for entering the new society The more society was developing social constraints the more artistic expression would become free of canons

to let imagination fluently overwhelm reality The main topics proclaimed as crucial by Futurists are the contemporary most influential topics for social stability politics communication and technology as well as the major movers of social change What can we still grasp from the radical claims of avant garde art

Sharing Poetic Expressions Anna-Teresa Tymieniecka, 2011-05-03 A world ever more extensively interlinked is calling out for serving human interests broader and more compelling than those inspiring our technological welfare The interface between cultures at the moment especially between the Occident and Islam presents challenges to mutual understandings and calls for restoring the resources of our human beings forgotten in the struggle of competition and rivalry at the vital spheres of existence In the evolutionary progress of the living beings the strictly vital concerns emotions attributes become sublimed and elevated to the spiritual sphere at which human beings encounter each other and share Studies presented here bring forth sublimity generosity forgiveness beauty and are exalting the quest after ciphers and symbols which lead to our sharing the common deepest stream of fraternal reality
