TOURISME ARME DE DESTRUCTION MASSIVE

Le Tourisme De Destruction Massive

Rachel S Tattersall

Le Tourisme De Destruction Massive:

Le tourisme de destruction massive André Girod, 2011-11-15 L'auteur qui a suivi de près la dégradation et l'évolution du tourisme de masse constate son impact sur les sites renommés, les cultures et la société en général. Il observe les touristes les frus de découvertes culturelles comme les bronzes en mal d'exotisme. Il dénonce les plans de réduction des gaz, effets de serre pris en compte par les touristes moins fortunés. Il replace les responsabilités de chacun et identifie notre marge de manœuvre.

Tourisme arme de destruction massive Jean-Paul Loubes, 2015-08-20 *Tourism Agility in Times of Crisis and Uncertainty 1* Sylvie Christofle, 2025-06-25 In times of crisis and uncertainty, tourism suffers multiple transformations such as societal, ecological, technological, and political changes among many others. Beyond the cyclical adjustments, these upheavals call for agility on the part of tourism territories and organizations at various levels. *Tourism Agility in Times of Crisis and Uncertainty 1* proposes a multidisciplinary approach to questioning tourism agility in terms of uncertainty, technology, and society. This first volume analyzes various discourses around the notion of major crises, proposing agile responses for a different kind of tourism, mixing theoretical solutions and management approaches while addressing the question of resilience within the tourism sector. Reflections revolve around the digital skills of companies while agile vectors linking artificial intelligence and the quest for meaning are also examined. Finally, the societal and social approach to tourism agility highlights the crucial issues of relations between tourists and locals, as well as the contemporary dynamics of visitor-host interactions in the context of agritourism.

L'agilité touristique en temps de crises et d'incertitudes 1 Sylvie Christofle, 2024-11-15 En période de crises et d'incertitudes, le tourisme subit de multiples transformations sociétales, écologiques, technologiques, politiques et bien d'autres. Au-delà des ajustements conjoncturels, ces bouleversements exigent une agilité des territoires touristiques et des organisations et ce, à divers niveaux. L'agilité touristique en temps de crises et d'incertitudes 1 propose une approche pluridisciplinaire pour interroger l'agilité touristique sur les thématiques d'incertitudes de technologie et de société. Les premières contributions analysent divers discours autour de la notion de crise majeure, proposant des réponses agiles pour un tourisme différent, mêlant solutions théoriques et pistes de management tout en abordant la question de la résilience d'une destination agile. Des réflexions s'articulent autour des compétences numériques des entreprises tandis que les vecteurs agiles liant intelligence artificielle et la quête de sens sont également examinés. Enfin, l'approche sociétale et sociale de l'agilité touristique met en lumière les enjeux cruciaux des relations entre touristes et habitants, ainsi que la dynamique contemporaine des interactions visiteurs-hôtes dans le cadre de l'agritourisme.

Problèmes sociaux contemporains Jean-Paul Valette, 2024-08-27 Les sciences de la société se sont emparées de la question sociale avec leurs méthodes propres sans y apporter une limitation commune ni poursuivre des objectifs aisés concilier. Une approche interdisciplinaire des problèmes sociaux contemporains est néanmoins particulièrement méritante de repérer les causes de nombreux phénomènes, d'aider à établir des corrélations entre paramètres et de mettre l'accent sur les d

terminants internationaux nationaux ou locaux les interventions publiques ou privées les attitudes croyances et habitudes d'esprit Afin d'apprendre les politiques sociales d'en faciliter la contextualisation d'apprécier leurs capacités répondre l'impératif de solidarité entre tous les individus de favoriser un regard lucide critique et constructif sur une réalité de plus en plus complexe l'auteur s'appuie sur quatorze thèmes aisés relier entre eux

Voyages. C'était mieux avant ? Josette Sicsic, Pierre Josse, 2024-06-27 Grâce aux souvenirs des priples qu'ils ont effectués depuis un demi-siècle les deux globe-trotters ont choisi de mettre leurs expériences profit pour tenter de comprendre le devenir du secteur touristique Tour tour optimistes et pessimistes ils ne sombrent ni dans les illusions ni dans les esquisses apocalyptiques du monde de demain Cet ouvrage n'est donc ni un pamphlet de plus sur les nuisances du sur-tourisme du changement climatique et des conflits ni un simple recueil de souvenirs nostalgiques Il est la résultante de deux façons d'avoir vécu le monde depuis le grand bond en avant du tourisme dans les années d'après-guerre jusqu'à cette dernière année 2020 verrouillé par le Covid Enfin il est une tentative de réponse l'une des affirmations les plus répandues dans l'opinion celle selon laquelle c'était mieux avant

Starchitecture(s) Maria Gravari-Barbas, Cécile Renard-Delautre, 2015-06-01 Les années 1990 et 2000 se caractérisent par la profusion de projets architecturaux iconiques dans une surenchère que peu d'autres périodes dans l'histoire de l'architecture avaient connue Cet ouvrage porte un regard critique sur ces projets qui ont façonné l'image et l'identité des villes contemporaines Il s'intéresse la figure des starchitectes qui les produisent aux acteurs locaux qui les commanditent aux populations qui les consomment Il s'intéresse également la nouvelle géographie qu'ils esquissent
