Leadership Point Of View Essay:

Understanding Leadership Perspectives Matthew R. Fairholm, Gilbert W. Fairholm, 2009-04-05 hand Indeed we do not easily move out of one mind set into another What we believe to be true given our particular experience often seems to be the only truth Often we need some outside force to trigger reevaluation and rethinking That triggering force to intellectual growth may be a new idea a new situation a new value a new boss or some other significant emotional event maybe even a new book The Research Foundation This book is founded on two pillars one a model of five leadership mind sets common in the last 100 years first presented in Gilbert W Fairholm s 1998a 1998b book Perspectives on Leadership From the Science of Management to its Spiritual Heart and two Matthew R Fairholm s 2002 dissertation Conceiving Leadership Exploring Five Perspectives of Leadership by Investigating the Conceptions and Experiences of Selected Metropolitan Washington Area Municipal Managers which analyzed and validated the perspectives model see the Appendix for more details The data collected confirm there are five distinct perspectives of leadership evident in the 100 year history of leadership study and practice The resulting model defines the five perspectives in terms of descriptions of leadership in action leadership tools and behaviors and the way leaders approach their relationship to followers The five perspectives are related hierarchically so that they progressively encompass a unique perspective of the leadership phenomenon Coaching for Leadership Marshall Goldsmith, Laurence S. Lyons, Sarah McArthur, 2012-05-01 THE THIRD EDITION of the classic book Coaching for Leadership is written for today s coaches who are challenged with the task of combining concepts from various disciplines in order to help their clients especially high potential leaders learn and succeed In this sense coaches have to become discriminating eclectics developing a keen sense of judgment to select which ideas are best woven into their coaching method and which concepts are best to ignore Coaching for Leadership is intended to be a cherished companion in that learning journey presented by the world s greatest coaches including Marshall Goldsmith Paul Hersey Beverly Kaye Dave Ulrich and many more This comprehensive resource offers a wealth of material for established and novice coaches including proven coaching techniques key principles and important learning points The book offers a concise overview of the foundations of coaching and reveals What it takes to coach for engagement and retention Why mentoring is circular How to build a team without wasting time What it means to be a purposeful leader How to write like a leader The right stuff of leadership What is needed to lead across national boundaries How to coach high potential women Why coaching is empowerment How to influence decision makers Why you should double your value The ten suggestions for successful peer coaching The coaching tools for the leadership journey How to coach executives for succession Coaching for Leadership is a proven resource that offers best practices sample scenarios case studies and practical tools **Ethics, the Heart of Leadership** Joanne B. Ciulla, 2014-09-09 Top academic scholars ponder the question of ethics as it pertains to all aspects of leadership in business government and nonprofit organizations If leaders were defined by their influence on history Hitler would be on par with

Gandhi Lincoln and Mother Theresa Yet most of us believe that our superiors have a responsibility to exercise power with a purpose far greater than any political agenda and a motive more noble than personal gain This thought provoking collection of essays explores the ethical challenges that leaders face in their relationships with followers the choices they make and the ways in which they influence others Joanne Ciulla and her contributors examine the traits and characteristics of top tier leaders She questions the assumption that moral fortitude is an inherent part of being in charge analyzes the roles that charisma morality and delegation play in the leadership paradigm and considers whether individuals who want to lead with integrity but are sometimes forced to get their hands dirty for their constituents can be called moral leaders Readers will gain an appreciation for how ethics is not an add on to the practice of leadership but rather an integral part of it an element that informs the very idea of what it means to lead and to lead well

Cognisance, Motivation, and Emotional

Intelligence in Leadership

Heiko Filthuth,2020-04-20 Essay from the year 2019 in the subject Business economics

Business Management Corporate Governance grade A language English abstract How does a leader see himself or herself What does he or she perceive about his or her leadership and leadership abilities The first part of this work briefly discusses different aspects of leaders cognisance on leadership in general and their own leadership abilities Afterwards the author considers three motivations that most directly influence a leader s behaviour discussing the goals behind them the resulting behaviour and its influence on the leadership style The final part of this work starts with brief explanations of Emotional Intelligence in leadership and some of the more common models of the leadership process From these a model of Integrated Emotional Intelligence IEI in the leadership process is developed Considering the elements of this model the effects of Emotional Intelligence on leader behaviour and leader communication are explained The cognisance of leaders on leadership is much influenced by their perception on their own leadership abilities and their motivations These however may turn out to be quite complex and lacking the consideration of the followers abilities and motivations Emotional Intelligence in leadership is one concept to enhance leaders cognisance in this respect
