This assessment was created based on Math Makes Sense Grade 5 (2005 Edition) resources; the questions are more challenging than the ones that you see from Addition Weekly; that comes with the first Make-a-Sense you go through the student assessment booklet to see the types of critical and higher-level thinking in your student's expected answers, so that you can introduce the language that will be used in the grade 5 EQAO Assessments; therefore preparing your students for future success. I created the assessment for the 2 units because it saves time and works. You can also use this for the end of the year math review, supporting your students to be ready for the EQAO Assessments. *Remember Addition comes next!*
