

# 1's math notebook

All notebook pages must follow some rules to make them interesting as well as informative. Your notebook should reflect your experiences yet be easy to understand and reference.

## RULES

## REASON

Write neatly and legibly	So you are able to read/reference your notebook when needed!
Bring it class everyday	We will use it everyday - like how we use notes, do our work, etc. in class!
Circle or underline numbers if number in pages	To help you find a word or number quickly if you need it when you need!
Color page numbers for each week and use that one	If you forget what a word means, you'll be able to find the definition quickly!
Everything your teacher writes in her notebook, you should write in your notebook	I would not want to hear anything about this! Use me! Write in your notebook!
Use colors when it makes sense when writing	Colors are a great way to organize our notes in class, like notes and such!
If you are a day write what you get in class	You don't want to go to class and not have the notes page to help you. When you're absent, ask your teacher or a friend to borrow a notebook to copy!
