Upsetting Composition Commonplaces Ian Barnard, 2014-10-15 In *Upsetting Composition Commonplaces* Ian Barnard argues that composition still retains the bulk of instructional practices that were used in the decades before poststructuralist theory discredited them While acknowledging that some of the foundational insights of poststructuralist theory can be difficult to translate to the classroom Barnard upends several especially intransigent tenets that continue to influence the teaching of writing and how students are encouraged to understand writing Using six major principles of writing classrooms and textbooks clarity intent voice ethnography audience and objectivity Barnard looks at the implications of poststructuralist theory for pedagogy While suggesting some evocative poststructuralist pedagogical practices the author focuses on diagnosing the fault lines of

composition's refusal of poststructuralism rather than on providing solutions in the form of teaching templates *Upsetting Composition* Commonplaces addresses the need to more effectively engage in poststructuralist concepts in composition in an accessible and engaging voice that will advance the conversation about relations between the theory and teaching of writing

New Directions in Literature and Medicine Studies Stephanie M. Hilger, 2017-11-11 This book is situated in the field of medical humanities and the articles continue the dialogue between the disciplines of literature and medicine that was initiated in the 1970s and has continued with ebbs and flows since then Recently the need to renew that interdisciplinary dialogue between these two fields which are both concerned with the human condition has resurfaced in the face of institutional challenges such as shrinking resources and the disappearance of many spaces devoted to the exchange of ideas between humanists and scientists This volume presents cutting edge research by scholars keen on not only maintaining but also enlivening that dialogue They come from a variety of cultural academic and disciplinary backgrounds and their essays are organized in four thematic clusters pedagogy the mind body connection alterity and medical practice *Everything's an Argument 3rd + Rereading America 6th* Andrea A. Lunsford, John J. Ruskiewicz, Gary Colombo, Robert Cullen, University of North Carolina at Chapel Hill, 2004-11-02 *Rhetor Response* Peter H. Khost, 2018-09-10 Bridging the disciplinary divide between writing and literature *Rhetor Response* introduces the concept and pedagogical applications of literary affordances the ways in which readers use and integrate literature into their own writing or lives Unconcerned with authorial intent interpretive meaning or critical reception affordance signifies a shift in focus from what literary texts mean and do to what one can do with them This book presents both opportunities and challenges to writing studies a field whose burgeoning disciplinary independence ironically relies on a sizable underclass of specialists in literature rather than writing Incorporating elements of rhetorical theory literary criticism pedagogical methodology political critique and psychological and philosophical memoir Peter H. Khost complicates and revives the relevance of literature from belles lettres to fanfiction by turning from interpretation to affordance in order to identify readers applications of literary textual features to unrelated lived situations *Rhetor Response* theorizes and exemplifies literary affordance as a constructive step toward professional reconciliation as well as an entry into greater textual power and pleasure for students and readers It is a one of a kind resource for college writing program administrators faculty and scholars in English and writing studies and graduate and advanced undergraduate students across both disciplines **Think About Such Things: A Compilation** Dr. Shi-Brone (Jake) Jacobs, 2016-12-28 Dr Jacobs book is a guide for how to understand various Bible based thematic works The book does not suggest why or what to think but focuses on how to think It also provides various methods by which to glean value from perspectives that differ or disagree with traditionally high views of scripture Artistic cover by Summer Jacobs **Everything's an Argument With Readings 3e + America Now 6e** Andrea A. Lunsford, John J. Ruskiewicz, Keith Walters, Robert Atwan, 2006-04-03 **Subject Guide to Books in Print**, 1991 *Perspectives on the Self* Vojtěch Kolman, Tereza Matějčková, 2022-08-22 The volume develops the

concepts of the self and its reflexive nature as they are linked to modern thought from Hegel to Luhmann The moderns are reflexive in a double sense they create themselves by self reflexivity and make their world society in their own image That the social world is reflexive means that it is made up of non subjective or supra subjective communication The volume s contributors analyze this double reflexivity of the self and society from an interdisciplinary perspective focusing both on individual and social narratives This broad interdisciplinary approach is a distinctive mark of the entire project The volume will be structured around the following axes Self making and reflexivity theoretical topics Social self and the modern world Literature self and narrativity Creative Self text and fine art Among the contributors are some of the most renowned specialists in their respective fields including J F Kerv gan B Zabel P Stekeler Weithofer I James L Kvasz H Ik heimo and others
