

U.S. Government Air Test Review Guide Questions and Answers 2025 GRADED A+

Systems of Government -Correct Answer ✓unitary systems, federal systems, and confederate systems

Definition of a State -Correct Answer ✓a nation or territory considered as an organized political community under one government

Early US issues of government prior to Articles of Confederation -Correct Answer ✓British Involvement in US Government, etc.

Characteristics of the National government under the Articles of confederation? -Correct Answer ✓The Articles of Confederation created a relatively weak central government intentionally during the American Revolution by people fighting against what they considered to be the tyrannical excesses of the British. The main purpose of the Articles was to unite the states enough to successfully make it through the war.

After the revolution, the Articles mainly functioned as a way of giving the states a united-foreign policy, but the Articles were not entirely successful. Georgia, for example, independently pursued policies regarding Spanish Florida, going so far as to make threats of war against the Spanish if they did not curb Indian hostilities and prevent the harboring of escaped slaves.

Under the Articles of Confederation, every state had equal representation and a single vote in the unicameral legislature. There was no national executive or judiciary. Although the national government prevented the states from printing their own money, it did not have the power to tax the states. It could only make requests for the money to pay national obligations.

The weakness of the government under the Articles of Confederation was further exposed by the government's inability to efficiently deal with Shays' Rebellion. A growing concern for the inefficiency of the government led many of the nation's leaders to call for a new political system and eventually create the Constitution.

Why did the founders choose a bicameral form of government? -Correct Answer ✓But a bicameral legislature provided the perfect opportunity for compromise—in fact, for “The Great Compromise.” Small states got their equal representation in the Senate, large states got their proportional representation in the House, and everyone went home happy.

Main idea of the Declaration of Independence -Correct Answer ✓all men are created equal and are entitled to “life, liberty, and the pursuit of happiness.”

Why were the Federalist Papers written? -Correct Answer ✓in an attempt to get the New York citizens to ratify the United States Constitution in 1787
