*Prompt: At MIT, we bring people together to better the lives of others. MIT students work to improve their communities in different ways, from tackling the world's biggest challenges to being a good friend. Describe one way in which you have contributed to your community, whether in your family, the classroom, your neighborhood, etc.*

When I was a child, I remember always seeing panhandlers at certain intersections of the city. After the recession, they started growing in number. After the unfortunate deaths of some of these people due to traffic accidents, I realized that something had to be done to improve the community for the residents as well as those less fortunate. I began to solicit businesses around the city, asking them for unwanted supplies and food. I then traveled to businesses after school, collecting food and setting them up in a central community area. From there, I began to set up my own organization to provide relief for the homeless individuals across the city.

I started the organization in order to address the issue of food waste as well as poverty in the community. My goal was to help the homeless in the area gain access to food and supplies that they needed in order to create resumes and access new job opportunities. Through this mit application essay examples, I hope to convey my excitement at having made a difference in my community through providing the opportunity for others to improve their lives, just as I have been given the opportunity to improve mine through college.
