you d rather say no to Have you felt that your opinion isn t worth as much as that of others in the same room as you Have you
ever secretly wished that you had the confidence and charisma to be able to connect instantly with pretty much anyone Then
you need to keep reading No matter what job you have in life your success will be determined 5% by your academic
credentials 15% by your professional experiences and 80% by your communication skills Stephen Wang The reality is that
people that can communicate their thoughts opinions and wants are the ones that can succeed the most and reach their goals
and objectives Most people believe that you are either born assertive or you aren t But how much truth is in this Also talking
with strangers can be quite challenging for a lot of people The fear of running out of things to say or making a fool out of
yourself can be nerve wracking Because of this most prefer to never take action and simply watch in frustration how those
that are better at socializing and conversation take all the accolades make great connections and succeed in life with greater

ease Fortunately even if you currently consider yourself to be the LEAST assertive or social person you know of there is a LOT that you can do to turn your life around completely In this book you ll discover The key difference that sets apart assertive people from passive or aggressive people Basic body language hacks that everyone can immediately apply to be perceived as more confident A proven roadmap to increase your sense of confidence when interacting with others A painless way to eliminate social anxiety for the rest of your lifetime Safe strategies to help break the ice with pretty much anyone Crucial mistakes to avoid that make most people fail and act either too passively or too aggressively Secret hacks that will help save you a lot of time and become a better conversationalist and reach your goals quicker than you imagine Safe strategies to become more assertive in business or at the workplace so that you can reach your career goals quicker A proven road map that anyone can use to boost their conversation skills even if they are extremely anti social Effective strategies that actors and celebrities use that will help dramatically improve your body language and how others perceive you And much more There is a good wealth of scientific research that has shown how being assertive lowers stress and anxiety levels It can also have a profound effect on lowering depression and other mood disorders Being more assertive can also help you have better control of your emotions and thoughts during all time Scientific research has shown that developing social and conversational skills can lead to decreased levels of stress anxiety depression and other mood disorders Having a solid set of social skills inevitably leads to better life outcomes Years of studying how our behavior patterns work in society has now made this type of training so easy to follow that even the shyest person you can think of can turn their life around with the correct roadmap So if you want to make sure that you don t ever say yes to things you don t want to do ever again and also become an amazing conversationalist make connections quicker or increase your charisma then scroll up and click the Add to Cart button now
