The Trumping of America Pamela Hines,2018-08 Trump alone is not to blame How does it reflect on North American societal values when wealth trumps humanity selfish individualism trumps compassion the need to be entertained and to win trumps the truth and racism and misogyny are rewarded with the most powerful position in the world The political rise of Donald Trump from the cutthroat Republican primary process to his move to the White House has ushered in a new age of politics in the United States This is a comprehensive analysis of the events surrounding the 2016 presidential election and the unprecedented first year of Donald Trump s presidency Pamela Hines highlights the growing distortion of American democracy which threatens political systems around the world As a Canadian living just across the border Hines provides a unique perspective on the international impact of the election explores the roles of religion racism nationalism and gender bias and critiques the media and its reckless coverage of Trump s ascension The Trump presidency is a wake up call to citizens of the free world Democracy is at risk yet power remains in the hands of the people This assault on democracy can be curtailed only if voters make informed decisions and understand the consequences of their choices while they still have the right to choose

The Ones We've Been Waiting For Charlotte Alter,2020-02-18 An optimistic look at the future of American leadership by a brilliant young reporter A new generation is stepping up There are now twenty six millennials in Congress a fivefold increase gained in the 2018 midterms alone They are governing Midwestern cities and college towns running for city councils and serving in state legislatures They are acting urgently on climate change because they are going to live it they care deeply about student debt because they have it they are utilizing big tech but still want to regulate it because they understand how it works In *The Ones We've Been Waiting For* TIME correspondent Charlotte Alter defines the class of young leaders who are remaking the nation how grappling with 9 11 as teens serving in Iraq and Afghanistan occupying Wall Street and protesting with Black Lives Matter and shouldering their way into a financially rigged political system has shaped the people who will govern the future Through the experiences of millennial leaders from progressive firebrand Alexandria Ocasio Cortez to Democratic presidential hopeful Pete Buttigieg to Republican up and comer Elise Stefanik Charlotte Alter gives the big picture look at how this generation governs differently than their elders and how they may drag us out of our current political despair Millennials have already revolutionized technology commerce and media and have powered the major social movements of our time Now government is ripe for disruption *The Ones We've Been Waiting For* is a hopeful glimpse into a bright new generation of political leaders and what America might look like when they are in charge

Imperial Benevolence Scott Laderman,2018-08-14 This is a necessary and urgent read for anyone concerned about the United States endless wars Investigating multiple genres of popular culture alongside contemporary U S foreign policy and political economy *Imperial Benevolence* shows that American popular culture continuously suppresses awareness of U S imperialism while assuming American exceptionalism and innocence This is despite the fact that it is rarely a product

of the state Expertly coordinated essays by prominent historians and media scholars address the ways that movies and television series such as Zero Dark Thirty The Avengers and even The Walking Dead as well as video games such as Call of Duty Black Ops have largely presented the United States as a global force for good Popular culture with few exceptions has depicted the U S as a reluctant hegemon fiercely defending human rights and protecting or expanding democracy from the barbarians determined to destroy it

Rigged Mollie Hemingway,2021-10-12 FROM THE AUTHOR OF THE 1 NATIONAL BESTSELLER JUSTICE ON TRIAL Stunned by the turbulence of the 2020 election millions of Americans are asking the forbidden question what really happened It was a devastating triple punch Capping their four year campaign to destroy the Trump presidency the media portrayed a Democratic victory as necessary and inevitable Big Tech wielding unprecedented powers vaporized dissent and erased damning reports about the Biden family s corruption And Democratic operatives exploiting a public health crisis shamelessly manipulated the voting process itself Silenced and subjected the American people lost their faith in the system RIGGED is the definitive account of the 2020 election Based on Mollie Hemingway s exclusive interviews with campaign officials reporters Supreme Court justices and President Trump himself it exposes the fraud and cynicism behind the Democrats historic power grab Rewriting history is a specialty of the radical left now in control of America s political and cultural heights But they will have to contend with the determination insight and eloquence of Mollie Hemingway RIGGED is a reminder for weary patriots that truth is still the most powerful weapon The stakes for our democracy have never been higher

Talking Book Topics ,2017-05 Government Executive ,2007 The Economist ,2007 *Paperbound Books in Print* ,1995 Reed Reference Publishing,R5ference Reed,1995-12 Vanity Fair ,2017 **Quotes by Hillary Clinton** Lilith Regan,2020-04-07 Fear is always with us but we just don t have time for it Not now Always aim high work hard and care deeply about what you believe in And when you stumble keep faith And when you re knocked down get right back up and never listen to anyone who says you can t or shouldn t go on The worst thing that can happen in a democracy as well as in an individual s life is to become cynical about the future and lose hope that is the end and we cannot let that happen I think that if you live long enough you realize that so much of what happens in life is out of your control but how you respond to it is in your control That s what I try to remember People can judge me for what I ve done And I think when somebody s out in the public eye that s what they do So I m fully comfortable with who I am what I stand for and what I ve always stood for There is a sense that things if you keep positive and optimistic about what can be done do work out Every moment wasted looking back keeps us from moving forward In this world and the world of tomorrow we must go forward together or not at all Do all the good you can for all the people you can

in all the ways you can as long as you can You know everybody has setbacks in their life and everybody falls short of whatever goals they might set for themselves That s part of living and coming to terms with who you are as a person
