Reconnecting Reading and Writing Alice S. Horning, Elizabeth W. Kraemer, 2013-09-06 *Reconnecting Reading and Writing* explores the ways in which reading can and should have a strong role in the teaching of writing in college. *Reconnecting Reading and Writing* draws on broad perspectives from history and international work to show how and why reading should be reunited with writing in college and high school classrooms. It presents an overview of relevant research on reading and how it can best be used to support and enhance writing instruction.

Writing as a Way of Staying Human in a Time that Isn't Nate Mickelson, 2019-01-30 The human element of our work has never been more important. As Robert Yagelski explains in *Writing as a Way of Being* (2011), the ideological and social pressures of our institutions put us under increasing pressure to sacrifice our humanity in the interest of efficiency. These problems only grow when we artificially separate self, world, and mind/body in our teaching and everyday experiences. Following Yagelski and others, *Writing as a Way of Staying Human in a Time that Isn't* proposes that intentional acts of writing can awaken us to our interconnectedness and to ways in which we, as individuals and in writing communities, might address the social and environmental challenges of our present and future world. Featuring essays drawn from a range of contexts including college composition and developmental reading and writing, professional and legal writing, middle school English, dissertation projects, academic conferences, and an online writing group, the collection outlines three ways writing can help us stay human: caring for ourselves and others, honoring the times and spaces of writing, and promoting justice. Each essay describes specific strategies for using writing as a means for staying human in inhuman times. The authors integrate personal stories, descriptions of classroom assignments and activities, and current research in writing studies. Their work shows that writing can contribute to personal, social, and political transformation by nurturing vulnerability, compassion, and empathy among students and instructors alike.

Inventing Arguments, 2009 MLA Update John Mauk, John Metz, 2009-07 Organized around common rhetorical situations that occur all around us, *INVENTING ARGUMENTS* Second Edition shows you that argument is a living process rather than a form to be modeled. Through the text's prominent focus on invention, you will learn to recognize the rhetorical elements of any argumentative situation and apply the tools of argument effectively in your own writing. The basic layers of argument are introduced in early chapters with material arranged into increasingly sophisticated topics, beginning with the most obvious or explicit layers (claims) and moving to more implied or hidden layers (values, beliefs, ideology). By the time you finish Chapter 4, you will have a thorough understanding of argument which you can then apply not just to the invention projects in Chapters 6-11 but also to your writing for other college courses and beyond. This edition has been updated to reflect guidelines from the 2009 MLA Handbook for Writers of Research Papers, Seventh Edition.

Inventing Arguments (with 2016 MLA Update Card) John Mauk, John Metz, 2016-07-22 Organized around common rhetorical situations that occur all around us, *INVENTING ARGUMENTS* shows you that argument is a living process, not a form to be modeled. Through the text's prominent focus on

invention you will learn to recognize the rhetorical elements of any argumentative situation and apply the tools of argument effectively in your own writing The basic layers of argument are introduced in early chapters with material arranged into increasingly sophisticated topics beginning with the most obvious or explicit layers claims and moving to more implied or hidden layers assumptions values beliefs ideology By the time you finish Part I you will have a thorough understanding of argument which you can then apply not just to the invention projects in Chapters 7 12 but also to your writing for other college courses and beyond Each student text is packaged with a free Cengage Essential Reference Card to the MLA HANDBOOK Eighth Edition Arguments and Arguing Thomas A.
