aspect However SEO is not as difficult as many make it On page SEO is mostly what we are going to be dealing with This chapter teaches how to write SEO optimized articles that can rank number one on Google Chapter nine is the final chapter It focuses on two aspects copywriting and email marketing The first aspect provides four important steps to writing copies that convert This aspect also applies to email copies It is useful for landing pages web copies and of course email copies A rare aspect that this book also covers is how to land in the Primary folder of the Gmail inbox Q What set of people will this book benefit the most A This book will benefit everybody that writes for the internet As long as you create written content this book is for you It is the beginner s manual to creating content that converts There is no niche restriction on this Whether you write in the medical niche or woodworking niche this book is highly useful Thank you for your time *Wordpress Ultimate Guide* NrBooks,2014-05-11 Wordpress Ultimate Guide A step by step guide in creating your blog in 30 minutes or less Today only get this Amazon bestseller for just 2 99 Regularly priced at 4 99 Read on your PC Mac smart phone tablet or Kindle device This book contains proven steps and strategies on how to start blogging on WordPress as well as how to expand your community and connection on WordPress Specifically this book talks about how to create your posts on WordPress as well as customize your blog An Overview to WordPress The WordPress Dashboard Crafting your Blog Content much much more Download your copy today
