## Hydro Max Manual:

Merck's Manual of the Materia Medica Merck & Co, 1923 Merck's Manual of the Materia Medica compiled and published by Merck Company is a classic reference guide to drugs and therapeutic agents first issued in 1899. Designed as a portable practical handbook for clinicians, it summarizes the sources, properties, actions, dosages, and clinical uses of medicinal substances then in common practice, including preparations derived from plants, minerals, and emerging chemical compounds. Organized alphabetically with concise entries and clear dosing information, the manual became widely used by physicians and surgeons for quick consultation on drug therapy and treatment, reflecting the state of pharmacologic knowledge before the development of modern pharmaceutical regulation and standardized pharmacopoeias. Its enduring popularity led to numerous editions and reprints as a standard clinical reference.
