I Have A Bream:

I Have A Bream John O'Farrell,2010-06-22 Isn't it always the way You wait ages for one purple flour filled condom and then three come along at once Of course the correct procedure for a chemical attack in the House of Commons would have been for MPs to remain in the chamber and remove all items of clothing I'm not sure which is the more horrific vision anthrax all over London or Nicholas Soames slipping out of his Y fronts while chatting to a naked Ann Widdecombe Here at last is the third collection of John O'Farrell's immensely popular Guardian columns the final part of the trilogy in which he discovers that Margaret Thatcher is actually his mother Contained within these covers are a hundred funny satirical essays on subjects as diverse as Man's ascent from the apes and the re-election of George W Bush Plus there is a full account of O'Farrell's heroic but slightly less successful attempt to capture his Tory home town for socialism He claims that identity fraud has got so bad that an audacious impostor using the name A L Blair even managed to get himself a Labour Party card by posing a left wing champion of wealth distribution and civil rights He asks why a Blackberry isn't compatible with an Apple And find out why the Queen didn't go to her own son's wedding What happened to that other girl you were seeing Mother we got divorced and then she died in a car crash remember Well sometimes you have to work at these things dear
