

Paper 3: The Second World War and the Americas Lessons

Directions: Below are a series of documents related to American foreign policy from 1931 to America's entrance into the Second World War after the surprise attack at Pearl Harbor. Answer the questions at the end of each document and create a well-organized essay answering the "Aim" question: **Historians have argued that America was incapable of remaining "silent" as events in East Asia and in Europe threatened America's national security. President Roosevelt, according to these historians, was compelled to change America's foreign policy to meet the international situation at-hand before and immediately after Japan's attack on Pearl Harbor. Assess the validity of this statement by analyzing the documents below and on your knowledge of the era in United States History.**

Document 1: The Stimson Doctrine (7 January 1932).

With the recent military operations about Chinchow, the last remaining administrative authority of the Government of the Chinese Republic in South Manchuria, as it existed prior to September 18th, 1931, has been destroyed. The American Government continues confident that the work of the neutral commission recently authorized by the Council of the League of Nations will facilitate an ultimate solution of the difficulties now existing between China and Japan. But in view of the present situation and of its own rights and obligations therein, the American Government deems it to be its duty to notify both the Imperial Japanese Government and the Government of the Chinese Republic that it cannot admit the legality of any situation *de facto* nor does it intend to recognize any treaty or agreement entered into between those Governments, or agents thereof, which may impair the treaty rights of the United States or its citizens in China, including those which relate to the sovereignty, the independence, or the territorial and administrative integrity of the Republic of China, or to the international policy relative to China, commonly known as the open door policy, and that it does not intend to recognize any situation, treaty or agreement which may be brought about by means contrary to the covenants and obligations of the Pact of Paris of August 27, 1928, to which Treaty both China and Japan, as well as the United States, are parties.

Questions:

1. According to the Stimson Doctrine, how did the United States view the agreements made between China and Japan?
2. How did the United States view Japanese actions in China? (Hint: What major treaty was violated by Japan's actions in China?)

Warren, James Cousins, 2015-10-08 Current educational reforms have given rise to various types of educational Taylorism which encourage the creation of efficiency models in pursuit of a unified way to teach In history education curricula this has been introduced through scripted textbook based programs such as Teacher Curriculum Institute's History Alive and completely online curricula They include the jargon of authentic methods such as primary sources cooperative learning differentiated instruction and access to technology yet the craft of teaching is removed and an experience that should be marked by discovery and reflection is replaced with comparatively empty processes This volume provides systematic models and examples of ways that history teachers can compete with and effectively halt this transformation The alternatives the authors present are based on collaborative models that address the art of teaching for pre service and practicing secondary history teachers as well as collegiate history educators Relying on original research and a maturing body of secondary literature on historical thinking this book illuminates how collaboration can create real historical learning **I'm Buffy and You're History** Patricia Pender, 2016-06-28 Buffy the Vampire Slayer gave contemporary TV viewers an exhilarating alternative to the tired cultural trope of a hapless attractive blonde woman victimized by a murderous male villain With its strong capable heroine witty dialogue and a creator Joss Whedon who identifies himself as a feminist the cult show became one of the most widely analysed texts in contemporary popular culture The last episode broadcast in 2002 did not herald the passing of a fleeting phenomenon Buffy is a media presence still active on DVD and the internet alive in the career of Joss Whedon and studied internationally I m Buffy and You re History puts the
