Encyclopedia of Human Services and Diversity Linwood H. Cousins, 2014-09-05 *Encyclopedia of Human Services and Diversity* is the first encyclopedia to reflect the changes in the mission of human services professionals as they face today's increasingly diverse service population. Diversity encompasses a broad range of human differences including differences in ability and disability, age, education level, ethnicity, gender, geographic origin, religion, sexual orientation, socioeconomic class, and values. Understanding the needs and problems of Asian Americans, Hispanic Americans, the deaf, the blind, the LGBT community, and many other groups demands an up-to-date and cutting-edge reference. This three-volume encyclopedia provides human services students, professors, librarians, and practitioners the reference information they need to meet the needs of an increasingly diverse population. Features 600 signed entries, organized A to Z across three volumes. Entries authored by key figures in the field, conclude with cross-references and further readings. A Reader's Guide groups related articles within broad thematic areas such as aging, community, mental health, family, and child services, substance abuse, etc. A detailed index, the Reader's Guide, and cross-references combine for search and browse in the electronic version. A helpful Resource Guide guides students to classic books, journals, and web sites, and a glossary assists them with the terminology of the field. Available in both print and electronic formats. *Encyclopedia of Human Services and Diversity* is an ideal reference for students, practitioners, faculty, and librarians.

This book works as a very comprehensive recruiter for students and other citizens who wish to help build a society and culture that nurtures the young into fulfilling their life's possibilities. Ralph Nader, Professor Jessica Heldman is a distinguished expert in children's law and policy with years of experience working with advocacy organizations and state child welfare and juvenile justice systems to improve the treatment of children. Alongside Robert Fellmeth, Jessica Heldman provides a comprehensive treatise on children's rights, including children as individuals, as a class, and as a political voice for reform.
