

JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

Parliamentary Papers Great Britain. Parliament. House of Commons,1901 *How to Get the Grade Without Doing the Work* Charles Lanham,2010-08-10 The one problem all students run into while they prepare for a test is not what you might think You might naturally assume that the problem is one of memory i e remembering the answers to the test but the real problem is what I call the Situation Effect In laymen terms our intelligence is composed of two halves the first being genetic the second being environmental e g diet sleep sociability etc and these two halves come together to form our current situation Therefore effects on either of these halves can help make or break our grades The only way to improve your situation is to learn how to make your brain happy and comfortable because when youre sad or stressed you will not function as well In fact some people are physically disfigured to a certain degree because they endured so much trial In this state of mind motor skills are frustrated and do not function like they should Also because of provoking anxiety ability to fight disease is infringed Above all your focus drive to succeed and mental activity are all incredibly bankrupt When theyre bad enough it feels like they dont even exist Therefore if you keep yourself as happy as possible you will study more effectively
