Plan and execute a research project guided by intellect

Create a concise research question for the research topic

Conduct research to get data from the sources, interpret it, and use it to analyze the research question

Outline the argument, well backed up with facts

Presentation in the appropriate format

Use vocabulary relevant to the research topic and appropriate language

Use analytical skills to evaluate and understand the research

How to Present Your Extended Essay

The presentation format is the most important in any essay. An EE essay is presented as follows:

The essay should have an introduction, body, and conclusion

The highest upper limit of words is 4000 words.

There is a penalty for an essay exceeding this limit

A clear, formal academic style is used

Assessment Criteria

The research question, introduction, conclusion, and abstract attract from 0-2 points each
