GRADES AND GRADING PRACTICES Charles H. Hargis, 2003-01-01 This second edition of Grades and Grading Practices not only contains updated and refreshed material on the problems caused by our current grading system it also provides two additional chapters dealing with the present issues on assessment standards and social promotion Designed to assist teachers instructors curriculum persons and administrators who desire to implement cooperative thinking and problem solving skills into the existing grading practices this book calls attention to the obstacles that have been created While poor grades may nudge some students to better performance there are other students low achievers who are demoralized by poor grades bringing about a variety of behavioral difficulties that have a negative effect on future incentive to learn Good grades are motivating but the only students who are motivated are those already getting good grades Success is fundamental to achievement Lack of success means lack of achievement The failing grades are indicative of our failure to provide success for most students who receive them This book explores the problems caused by grades and offers suggestions to improve the quality of American education *The English Leaflet* ,1914 **The Public School Journal** ,1912 **What We Know About Grading** Thomas R. Guskey, Susan M. Brookhart, 2019-02-04 Grading is one of the most hotly debated topics in education and grading practices themselves are largely based on tradition instinct or personal history or philosophy But to be effective grading policies and practices must be based on trustworthy research evidence Enter this book a review of 100 plus years of grading research that presents the broadest and most comprehensive summary of research on grading and reporting available to date with clear takeaways for learning and teaching Edited by Thomas R Guskey and Susan M Brookhart this indispensable guide features thoughtful thorough dives into the research from a distinguished team of scholars geared to a broad range of stakeholders including teachers school leaders policymakers and researchers Each chapter addresses a different area of grading research and describes how the major findings in that area might be leveraged to improve grading policy and practice Ultimately Guskey and Brookhart identify four themes emerging from the research that can guide these efforts Start with clear learning goals Focus on the feedback function of grades Limit the number of grade categories and Provide multiple grades that reflect product process and progress criteria By distilling the vast body of research evidence into meaningful actionable findings and strategies this book is the jump start all stakeholders need to build a better understanding of what works and where to go from here **Seattle Grade Teacher** ,1928 *Summary of Investigations Relating to Grammar, Language, and Composition* Rollo La Verne Lyman, 1929 *The Teaching of English for Grades One to Eight* New Jersey.
