

How to fold an origami crane for International Overdose Awareness Day

1 Starting with pattern face down, fold top corner to bottom corner

2 Fold right corner to left corner

3 While holding the other layers down, pick up the top layer from the edge and pull to the right...

4 ...and push the bottom corner down flat to make a diamond

5 then fold the top right corner from right all the way to the left as shown by the arrow

6 While holding the other layers down, pick up the top layer from the edge and pull to the right... and push the corner down flat to make a diamond

7 Fold the left and right top layer corners in to the centre line...

8 then fold the top corner down... and unfold at step 7 fold

9 Hold down the top corner, then pick up the top layer from the bottom corner...

10 ...and pull that corner all the way up while pushing in the sides and flatten

11 Turn the crane over from left to right

12 Hold down the top corner of the diamond... and pull that corner all the way up and flatten

13 Fold the left and right top layer corners in to the centre line

14 Turn the crane over from left to right

15 Fold the left and right corners in to the centre line

16 Hold the crane on the right... then lift the left top layer and pull the left point all the way up inside, then flatten

17 Hold the crane on the left... then lift the right top layer and pull the right point all the way up, then flatten

18 Hold the bottom left corner of the crane down then push the left point down and flatten to make the head

19 Pull the top points of the wings down and out

20 Well done! You've made an origami crane!

Redefining Health Care Michael E. Porter, Elizabeth Olmsted Teisberg, 2006 The U S health care system is in crisis At stake are the quality of care for millions of Americans and the financial well being of individuals and employers squeezed by skyrocketing premiums not to mention the stability of state and federal government budgets In Redefining Health Care internationally renowned strategy expert Michael Porter and innovation expert Elizabeth Teisberg reveal the underlying and largely overlooked causes of the problem and provide a powerful prescription for change The authors argue that participants in the health care system have competed to shift costs accumulate bargaining power and restrict services rather than create value for patients This zero sum competition takes place at the wrong level among health plans networks and hospitals rather than where it matters most in the diagnosis treatment and prevention of specific health conditions Redefining Health Care lays out a breakthrough framework for redefining health care competition based on patient value With specific recommendations for hospitals doctors health plans employers and policy makers this book shows how to move to a positive sum competition that will unleash stunning improvements in quality and efficiency
