ICSE Final Revision Guide for subjects: Term I Class 10 2021 Examination Oswal - Gurukul,2021-10-26 Final Revision of ICSE Class 10 Semester I Exam 2021 New Type MCQs Sample Papers of All Subjects Chapter Summary Self Assessment Marking Sheet **Conference Proceedings** ,2001 *Doing Educational Research* ,2015-01-01 In the second edition of Doing Educational Research we explore a variety of critical issues and methodologies Authors include some of the most influential voices selected from across the spectrum of career disciplines The scholars provide detailed insights into

dimensions of the research process that engage both students and experienced researchers with key concepts and recent innovations in the art of doing research. The contributors adopt a stance that is practical as it introduces beginning scholars to social inquiry and innovative as it transforms the boundaries of conversations about educational research. Doing Educational Research appears at a critical moment in which educational researchers are pushed to align with a pervasive scientism that embraces tenets of crypto positivism. The book addresses logics of inquiry underpinning cutting edge approaches to educational research that extend far beyond limited visions that are presented through the lenses of positivism. The chapters explore a variety of methodologies including action research, bricolage, ethnography, hermeneutics, historiography, media based research, psychoanalysis and conversation analysis in a matrix of social theory, authentic inquiry, critical pedagogy and differences in epistemology, ontology and axiology. A diverse array of complex topics are presented in accessible forms and will compel both scholars and students.
