Many Prophets One Wisdom:

Many Prophets One Wisdom Phil Thompson, 2015-05-20 *Many Prophets One Wisdom* is truly a book whose time has come. It could not possibly be any more needed and timely. This is the way to move forward to the next level of tolerance and understanding the way to advance the globalization of human values via the teachings of some of our greatest prophets. From the Foreword by Michael B. Davie, author *Winning Ways People I*, just want to say you know can we all get along? That question was posed by African American Rodney King following race riots sparked by his videotaped unprovoked beating by police. It is a simple yet compelling question that continues to resonate in today's world of global conflicts and strife. Can our world find common ground to live together in mutual respect and harmony? Can we all get along? Lawyer philosopher Phil Thompson explores that question in his remarkable insightful book *Many Prophets One Wisdom*. Thompson has studied the teachings of our greatest prophets from varied cultures, nations, and religions. All these prophets find enormous value and merit in peaceful coexistence with others. Collectively, their words of wisdom provide common values and attitudes that cross time and ideology and can guide humanity toward a world free of the wars and conflicts that have been so costly in terms of loss of life, freedom, dignity, and hope. Audience: Wide general audience but with particular interest to Baby Boomers and New Agers.

One God, Many Prophets Zachary Markwith, 2013 *One God Many Prophets* by Zachary Markwith is a lucid and compelling exposition of religious pluralism written from within the Islamic tradition. Through selections from the Quran, sayings of the Prophet Muhammad and the writings of Muslim philosophers and Sufis, we discover that traditional Islam and Muslims acknowledge the common Divine origin of previous revelations and prophets as cardinal tenets of faith and also the esteemed status of other revealed religions and those who practice them. This volume also examines fascinating and timely aspects of Islamic philosophy and spirituality alongside other wisdom traditions including Judaism, Christianity, Greek philosophy, and Hinduism. The themes and principles discussed include Islam and the perennial philosophy, love of the divine, the feminine, the metaphysics of the Self, Christic, Eliatic, and Hermetic wisdom, and traditional cosmology. The universal and particular wisdom of Islam highlighted throughout this volume is an affirmation of the universal or perennial wisdom of humanity. It challenges us to see Islam and all revealed religions not as competing ideologies but as paths that lead to the same summit.
