Tools, Not Rules Tommy Thomason, Geoff Ward, 2010 If you want to start an argument in a teachers lounge bring up the topic of how best to teach grammar There is a wide spectrum of opinion Traditionalists claim that we must explicitly teach grammar Students drill the basics and diagram sentences Sometimes their study and drills take the place of writing but these teachers claim that good writing demands good grammar At the opposite end of the spectrum are teachers who claim that the best way to learn grammar is to write thereby being forced to use grammar in writing and editing They reason that students will learn grammar in the context of actually using it without all the drills and worksheets They trust the writing process to instill an appreciation for grammar instead of actually teaching it Teachers on the write to learn grammar side claim that students who are only taught grammar rules might pass tests but since they didn't learn in the context of writing they typically don't apply the rules when they write Grammar traditionalists say students in writing classes never learn grammar at all because it is not explicitly taught In Tools Not Rules authors Tommy Thomason and Geoff Ward take the middle ground position that grammar should be taught as part of the writing process Tommy Thomason is a veteran journalist and university journalism professor at TCU Geoff Ward is a well known Australian professor and associate dean from James Cook University in Townsville Both have written several books and work extensively with American teachers Publisher's website <http://www.eloquentbooks.com/ToolsNotRulesTeachingGrammarInTheWritingClassroom.html>

curriculum *Teaching Grammar through Literature* Anna McGlynn, Rachel Fenn, 2018-02-19 This essential guide offers a fresh approach to integrating grammar effectively into the classroom as a vital strand of English that both enlivens and enriches students' understanding of literature. It aims to demystify grammar and empower teachers with the knowledge, inspiration, and practical ideas to confidently teach grammar to students at any stage of their secondary education. The authors demonstrate that routinely weaving grammar into lessons and the study of literature rather than teaching it as an abstract set of rules enables students to see grammar in a more flexible, enjoyable, and exciting way. Each chapter clearly defines complex terminology and provides an essential overview of relevant subject knowledge. With multiple examples of textual analysis and a variety of adaptable lesson plans for popular Key Stage 3 and Key Stage 4 texts, the book shows how grammatical requirements can be taught in a lively, literature-based manner, developing students' understanding and improving the quality of their creative and academic writing. Taught like this, grammar becomes a decoding tool, a key to unlocking deeper meaning within texts that enriches the reading experience. Considering a wide range of texts, *Teaching Grammar through Literature* thoroughly works through core grammatical concepts such as sentences and sentence clauses, nouns, verbs, determiners, punctuation, extension, and vocabulary. This book is a source of fresh and exciting ideas for all practising secondary school English teachers. It will revolutionise teaching and enrich students' understanding of literature and the grammatical theory within.
