**Black & Decker Home Planner & Logbook** Chris Peterson, 2015-10-26 Easily keep track of the work you've put into your home or figure out what it needs with help from this convenient planner. When was the last time you changed your furnace filter? What was the exact shade of the paint you used in the guest bedroom? Is your oven still under warranty? Every homeowner should know the answer to these questions and many more, but keeping up with every little thing can be a challenge. It helps if you have a system. That's where the BLACK DECKER Home Planner Logbook comes in. This book tells you what you need to know how to get the information and gives you lots of room to keep records about House History, Financial Information and Warranties, Scheduled Maintenance Log, Appliances, Heating, Cooling, Repair Projects, Decorative Log including Paint, Floor Coverings, Outdoor Areas, Home Exterior. Why not just use a blank notebook? Because the BLACK DECKER Home Planner Logbook is full of photos, illustrations, and tips to help you decode every system in your house, such as how to read a water meter or estimate the shelf life of paint. Two large pockets attached to the back cover help you securely store receipts, warranties, manuals, and other documents so you won't have to scramble to find your plumber's phone number during an emergency.

**About the House With Henri de Marne** Henri de Marne, 2021-10-26 This is a complete manual for homeowners. When things go wrong or when you are ready to remodel, you need expert advice. Henri de Marne is one of America's best-known and most-trusted experts who has answered just about every question a homeowner can face. For example: What is the green stuff growing on my roof? Why does my basement stay damp? How can I get rid of carpenter bees? Can I paint my basement floor? What can I do about the rust stains on my driveway? Which heating and cooling systems are most efficient? How can I scrub the little black spots off of my vinyl siding? Does the asbestos on my pipes put my family in danger? Why do my plumbing pipes make a banging sound? Why do cracks appear between my walls and ceiling every winter? Those are just a few of the thousands of questions Henri de Marne has addressed in his syndicated newspaper column, *First Aid for the Ailing House*. With this book, you can find the answers whenever you need them. De Marne has updated all the answers for this book to reflect the latest in research, materials, methods, concerns, and tastes. The result is a comprehensive manual for today's homeowners, a ready reference to consult whenever things go wrong or improvements are planned.

**Troubleshooting Guide to Residential Construction** Steven Bliss, 2005-08-26 Avoid pitfalls with these expert tips, techniques for diagnosing and preventing the most common residential building defects. More than 50 experts in the field describe their proven techniques for preventing building problems.

**Quieting: A Practical Guide to Noise Control** Raymond D. Berendt, Edith L. R. Corliss, Morris Ojalvo, 2000-09 This guide offers practical solutions for ordinary noise problems that a person is likely to meet. The book describes the ways in which sounds are generated, travel to the listener, and affect his hearing and well-being. Recommendations are given for controlling noise at the source and along its path of travel, and for protecting the listener. This guide instructs the reader by way of Warning Signs on how to determine whether he is being

subjected in his environment to prolonged noise exposures that may prove hazardous to his hearing Remedies are given for noise problems that a person is likely to find in his home at work and at school while traveling and in the growth and development of his community The remedies include noise prevention techniques and selection of quiet alternatives to existing noise sources General principles for selecting quiet appliances are given Ways of searching for the sources of noise and for determining the paths over which they travel to the listener are described A detailed index is given for individual ways of looking for inherently quiet homes and travel accommodations are described In a final chapter there are suggestions for enlisting community help where large external sources of noise must be quieted such as those arising from public utilities and public transportation
