web this part of iso 9613 specifies an analytical method of calculating the attenuation of sound as a result of atmospheric absorption for a variety of meteorological conditions when the sound from any source propagates through the atmosphere outdoors

calculation of absorption of sound by the atmosphere - Mar 16 2023

web iso 9613 part 1 describes the calculation method for absorption of sound by the atmosphere for pure tones the standard specifies the attenuation coefficient as a function of frequency temperature humidity and pressure the calculator presented here computes the attenuation coefficient according to iso 9613 1 given those four variables
