

# Heading

A heading is the title at the top of a page or at the beginning of a new chapter or section.

## Mighty Hunters

### Polar Bears

The polar bear is the largest land predator alive today. Like a lion, a polar bear is a skilled hunter that knows exactly when and how to attack.

The clever carnivore looks for a hole in the ice and waits. When a seal comes up for air, the polar bear pounces and grabs the seal with its sharp teeth.

The heading helps the reader know what that section is going to be about.
