Guide To Varanasi:

India, a Guide for the Quality-conscious Traveller Louise Nicholson, 1985 **Space-Body-Ritual** Reena Tiwari, 2010-05-12 Set against the contemporary thinking of the city as a spectacle Space Body Ritual Performativity in the City establishes everyday life in the city as a ground for authentic experience Reena Tiwari emphasizes the city as a space of lived experience an intricately layered space giving people a poetic experience responding to their memories and desires She also explores the conflict between two ideas the idea of the city as text to be read and understood from a distance and the city as body where the body after writing the text through its performance achieves the capacity to read and understand it Space Body Ritual demonstrates that the abstract seeing embedded in the city as a text is underwritten by the idea of power operating at deeper levels in the city This hidden power is the power of the user's body in space Furthermore Tiwari proposes that an understanding of the city as body through lived experience through rhythm analysis where rhythms of everyday and extra everyday practices are understood leads to the design of an environment that is evocative and is able to generate a bodily response from the user To understand the rhythms it becomes essential to know the way users inhabit understand and map or present the city spaces by their bodies Space Body Ritual will compel its readership to think of the parameters of spatial design as cultural generator
