

HOW TO WRITE A SONG

by sofasession

1 LOOK OUT FOR INSPIRATION

For the lyrics choose a topic that people and you can relate to. For the instruments, look for songs you like and analyse them. Get inspired and note your hook, melody and text ideas down.

2 WRITE THE LYRICS

Improvise your text ideas over a melody or chords. Or get inspired by music to write some lyrics. Read your text emotionally to feel the words and start a melody.

3 COLLECT COOL CHORDS

Play chords you like. If you start with an E chord, the dominant A and subdominant H will fit quite well. Experiment and collect all nice chord combinations.

4 ADD MELODY & RHYTHM

The rhythm is important: Do you play the chords fast, do they change fast? Or do you stay on one chord for a while? Which melodies do you want? Record and play along.

5 CREATE THE CHORUS

The chorus is a hook. Make sure it's well remembered. Brainstorm a bit and don't judge the ideas too soon. Take the best chords and one text line. What are your emotions?

6 CREATE THE VERSE

Tell more about your situation or feeling in the verse, give backgrounds. Think about harmony, melody, rhythm, and dynamics. Change parts to make it stand out from chorus.

7 STRUCTURE SONG PARTS

What is your song's architecture? Verse, chorus, verse, chorus, bridge, chorus? Or do you want to play with the structure and turn it all around? Time to experiment.

8 CONNECT SONG PARTS

Bring all song parts together and practice your new song. Are you happy with it? Do you still want to change something? Don't be too critical at that point though. Because...

9 RECORD YOUR SONG

It's a good idea to record your song to remember it and to come back to it later with a fresh mind. Record the song via smartphone, laptop or sofasession (online).

10 PRACTICE DAILY

As every other form of writing, songwriting is a skill. It is not something that falls from the sky one morning. Practice often and you'll become better each day. Promised!
