current problems arose the programme had achieved some successes enabling the estate to be reduced in size and the buildings are generally of good quality and are contributing to increased learner participation The economic downturn could affect colleges ability to fund projects by restricting their access to loan finance or their ability to sell surplus assets The indebtedness of the sector is rising The Council needs to monitor closely the financial health of some colleges particularly those that have borrowings that exceed 40 per cent of their annual income In 2010 the Council is expected to be dissolved and its functions taken over by the Skills Funding Agency and the Young People s Learning Agency There needs to be clarity about responsibilities for the capital programme and additional administrative burdens on colleges must be avoided
