Memory Ers Guide How To:

A Personal Guide to Living with Progressive Memory Loss Sandy Burgener, Prudence Twigg, 2007 This book provides practical guidance for coping with progressive memory loss and includes examples of real people who have faced similar challenges These stories highlight both good and bad ways to deal with the problems that arise and are also useful for describing the experiences of memory loss to friends and family

Abraham Lincoln and the Forge of National Memory Barry Schwartz, 2000 Abraham Lincoln has long dominated the pantheon of American presidents From his lavish memorial in Washington and immortalization on Mount Rushmore one might assume he was a national hero rather than a controversial president who came close to losing his 1864 bid for reelection In *Abraham Lincoln and the Forge of National Memory* Barry Schwartz aims at these contradictions in his study of Lincoln s reputation from the president s death through the industrial revolution to his apotheosis during the Progressive Era and First World War Schwartz draws on a wide array of materials painting and sculpture popular magazines and school textbooks newspapers and oratory to examine the role that Lincoln s memory has played in American life He explains for example how dramatic funeral rites elevated Lincoln s reputation even while funeral eulogists questioned his presidential actions and how his reputation diminished and grew over the next four decades Schwartz links transformations of Lincoln s image to changes in the society Commemorating Lincoln helped Americans to think about their country s development from a rural republic to an industrial democracy and to articulate the way economic and political reform military power ethnic and race relations and nationalism enhanced their conception of themselves as one people Lincoln s memory assumed a double aspect of mirror and lamp acting at once as a reflection of the nation s concerns and an illumination of its ideals and Schwartz offers a fascinating view of these two functions as they were realized in the commemorative symbols of an ever widening circle of ethnic religious political and regional communities The first part of a study that will continue through the present *Abraham Lincoln and the Forge of National Memory* is the story of how America has shaped its past selectively and imaginatively around images rooted in a real person whose character and achievements helped shape his country s future
