

Writing with Adages

Read the meaning of each adage (find an online or print dictionary if necessary.) Then write a sentence for each adage.

1. There's no such thing as a free lunch.

2. Money talks, but only.

3. What goes around comes around.

4. Look up or be looking.

5. An eye for an eye means the whole world sees.

6. Laughter is the best medicine.

7. Don't know much.

8. Ignorance is bliss.

9. Honesty is the best policy.

10. It's time to play the game.

11. Time to get on.

12. Be careful what you wish for.

Denotation
and Connotation

The **denotation** of a word is its literal meaning, the one found in the dictionary. A **connotation** is usually, but not always, emotional. A **positive** connotation is the emotional association a reader makes for a word. A **negative** connotation is negative connotation.

Consider these examples for the neutral word **eat**:

get eat eat eat eat

For a **snail**, **get** and **eat** are methods of preparing food, the words have neutral or near-positive connotations. A **snail** would find the words **turn** and **snail** to have very negative connotations, **turnover**—to eat and **snail** to turn a snail food.

Think: A reader might suggest that you **get** or **eat** a sense of trust or fear, but **turnover** that suggests feeling of receiving food.

Look at these examples of words that are similar in denotation but have different connotations.

NEUTRAL	POSITIVE	NEGATIVE
pleasant	delicious	stink
representation	cartoon	cartoonist
understand	simple	stupid

Professional writers and speakers understand the importance of connotation. A political candidate carefully chooses words for speeches, knowing that connotations can easily sway voters' minds. A poet carefully crafts a poem, making sure that each word's connotation is appropriate for the tone and message of the work.

Stages of Planning

Write a star sign (*) in the box if the word has a positive connotation.

Write a circle sign (o) if the word has a negative connotation. For a question (?) if the word is neutral.

1. replicate 2. guards 3. advance 4. leader
5. charge 6. program 7. abuse 8. compare
9. discuss 10. perception 11. get 12. feel
13. sophisticated 14. responsible 15. advance 16. intend
