

## **FEUER NURSING REVIEW HOME STUDY PROGRAM**

This comprehensive NCLEX-RN/LPN 22 audio CDs study course of our live lecture was developed by our expert faculty. It is based on the current NCLEX-RN/LPN Test Plan and their many years of teaching experience helping thousands of students with different levels of knowledge succeed on their NCLEX-RN/LPN exam. This home study program covers the most frequently tested topics on these exams.

We have learned that a well organized course content is an essential component to properly prepare you to pass this challenging exam.

### **For LPNs - Why do the CDs say RN? What should an LPN Study?**

Our CDs are a recording of our recent lecture, with both LPNs and RNs attending that course. The body of knowledge that RNs and LPNs need to be familiar with is very similar. The difference is in the type of questions they see on the NCLEX, and their scope of practice. Our homework and simulated exams give different practice questions for RNs and LPNs, and we define their scope of practice and delegation duties in our Test Taking Strategies book.

These CDs contain the entire RN Psychiatric lecture. An LPN Psychiatric booklet is included as a guideline for what LPNs should be familiar with.
