Media Marathoning Lisa Glebatis Perks, 2014-12-11 Media Marathoning Immersions in Morality is a scholarly study of the intense relationship between reader and story world analyzing the way audiences become absorbed in a fictive text and dedicate many hours to exploring its narrative contours Rather than view these media experiences as mindless indulgences media marathoning connotes a conjoined triumph of commitment and stamina Compared to more traditional slower paced media engagement patterns media marathoning affords readers greater depth of story world engagement maximizing the emotional and cognitive rewards of the media experience Through immersive marathoning experiences audiences can seriously engage with mediated questions about human nature and society refining our orientation toward morality through internal dialogue about the story and communication with other readers as we process the meaningful journey As digital technologies facilitate easier user centered access to media texts narratives increase in complexity and more readers seek immersive story world experiences marathoning looks to be the new normal of media engagement Drawing from qualitative studies of book film and television marathons along with textual analysis of commonly marathoned stories Media Marathoning presents a holistic look at marathoning s cultural impact

The "Antihero" Defying Clichés. A Study of a Character in George R.R. Martin's "A Song of Ice and Fire" Peggy Zawadil,2015-12-15 Master s Thesis from the year 2014 in the subject American Studies Literature grade 2 1 University of Potsdam language English abstract Winter is coming a phrase not only fervent readers of Fantasy know but also thousands of people throughout the world The success of the book series A Song of Ice and Fire from George R R Martin transcends the literary cosmos as it has long been picturized in the form of an HBO series hundreds of fan articles are produced each year Not unlike the roaring popularity of the Harry Potter series a few years ago the fictional worlds of Westeros and Essos in this Fantasy saga have captured the attention of the masses The reader dives into the lives and struggles of the characters feeling and fighting with them and sometimes even crying when they unexpectedly die as can be seen in the uproar and comments on various blogs on internet communities when Eddard Stark was unexpectedly executed Every reader of A Song of Ice and Fire has his or her own favorite characters In the first novel it was no doubt the noble and honorable Lord Eddard Stark for most of the literary community the obvious hero of the masses But since his shocking demise the preferences of the readers seem to have changed and found a new darling Tyrion Lannister As the most discussed and controversial of all characters nobody seems to fully comprehend him dwarf egoist drunkard nymphomaniac nerd the list is long and might be longer still The only thing all readers blog writers and fans seem to agree on is that he is the true hero of the series But can a hero be an egotistical sex maniac dwarf

Shakespeare and his impact on modern day fiction. Traces of Cymbeline in George R.R. Martin's "A Song of Ice and Fire" Philipp Röttgers,2022-04-05 Seminar

paper from the year 2016 in the subject English Language and Literature Studies Literature grade 2 0 University of Bonn Institut für Anglistik Amerikanistik und Keltologie course Mapping the Romances language English abstract This analysis looks at the similarities between Shakespeare's play Cymbeline and George R R Martin's A Song of Ice and Fire books and tries to find out if Martin has been influenced by Shakespeare's play and if the fantasy genre has been influenced by Shakespeare's romances in general Fans and scholars have long argued if Game of Thrones has been inspired by the works of William Shakespeare Especially Macbeth is mentioned quite often though Othello Hamlet and King Lear are also mentioned from time to time However something that rarely comes up are the so called romances the plays presumably from Shakespeare's last period This might not seem odd since the romances themselves are quite difficult to categorize in Shakespeare's body of work But when one looks at them some similarities to the fantasy genre spring to the eye There are wicked kings and queens magic apparitions of gods and fairy tale like figures battles fights and much more that nowadays seems to be stereotypical of fantasy fiction Since A Song of Ice and Fire uses many of these stereotypes it can be seen as prototypical for the high fantasy genre
