## The Best Way to Accurately Assess Digital Literacy Skills

**IC3 Fast Track is a digital literacy skills assessment that can be used to gauge the skill set of incoming students or job candidates.**

Based on the globally recognized IC3 Digital Literacy Certification, IC3 Fast Track can help assess an individual's ability to perform in any environment where the use of technology is required. IC3 Fast Track is the best way to ensure that your students or employees are up to speed!

The IC3 Fast Track assessment is based on the globally recognized IC3 Digital Literacy Certification standard. Each question in the IC3 Fast Track addresses the objectives of specific IC3 exams:

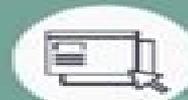

Rather than individual pass or fail scores, the IC3 Fast Track exam reports on how the candidate performed on each question, allowing teachers to determine what they feel is a valid cut score or passing grade depending on the requirements of the institution.

The IC3 Fast Track includes some reporting capabilities that give the administrators a number correct and number incorrect responses for each student. The assessment also provides detailed summary reports to enable administrators to track a student's progress for each of the objectives.
