The Ghost Host: Episode 1 DelSheree Gladden,2023-12-27 Everyone thinks Echo Simmons is crazy but being The Ghost Host isn t just a YouTube hoax like people think It s the only way to control the ghosts haunting her at least until the FBI shows up asking questions The first eighteen years of Echo Simmons life have been less than ideal On more than one occasion her parents have considered committing her They don t believe she sees ghosts or that they harass her on a daily basis So when a rogue ghost begins tormenting her they re the last people she s going to tell Her best friends Holden and Zara are doing their best to help but ghost attacks are only the beginning of Echo s problems Handling the ghosts by giving them a voice on YouTube through her webshow has been her saving grace even if her parents think it s all a hoax but that gets a little complicated when the ghost of Madeline Crew reveals a little too much about her previous life and the FBI shows up at her door wanting to know how she gained access to long buried government secrets It just keeps getting worse from there Madeline s message to her great grandson sparks a strange connection between Echo and Malachi which leads to Georgia secrets mistakes love lies and life changing revelations

Oppliger,2018-12-17 Tweencom Girls analyzes the different ways character tropes are portrayed in media targeted at eight to twelve year olds particularly female characters over the last twenty five years The book focuses particularly on sitcoms produced by the cable giants Disney Channel and Nickelodeon because of their popularity and ubiquity It provides extensive examples and alternative interpretations of the shows tropes and themes particularly for those who are unfamiliar with the genre The first section explores common tweencom tropes focusing on different themes that are prevalent throughout the series The second section includes a discussion of the big picture of how tropes and themes give insight into the female characters portrayed in the popular tweencom programming as well as advice to parents and educators

[I Am Your Biggest Fan!](#) Laurie McElroy,2010 Carly Sam and Freddie love the crazy videos sent in by their viewers but the crazy viewers are another story This chapter book features episode adaptations starring two of iCarly s funniest guest characters Mandy who loves iCarly more than life itself and Nevel the Web show reviewer who just loves to hate With eight pages of color photos this book will be a hit with fans

Queer Interruptions Evangeline Aguas,2025-01-25

This book explores the experiences of queer female and genderqueer fans through interviews and an original documentary inspired by fan reactions to the death of a popular lesbian character on the television series *The 100* (2014-2020). The book focuses on the fans' experiences with the Bury Your Gays trope and seeks to illustrate the enduring impact of these fictional deaths on contemporary viewers. The book draws on queer theory to frame the experiences of queer female and genderqueer fans as experiences of queer time as deviations from heteronormative life timelines as anachronistic backward turns and as queer melancholia. By exploring the backward feelings and experiences of fans, this book illustrates how the pain and abjection of the queer past are still with us in the present, challenging simplistic narratives of progress and highlighting the continuing marginalisation of the queer community onscreen and in the wider political context.

The Actor's Guide to Getting Cast in Hollywood Darya Balyura, 2025-09-08
WARNING: ACADEMY AWARD NOT INCLUDED

What if you knew exactly what every casting director was thinking the moment you walked into the audition? Here's your chance from the casting professional who has filled roles for over 100 television and film productions, working with major studios, acclaimed producers, and breakout stars. Films are about people, characters. Finding the right actors to make those characters come to life is no accident. Martin Scorsese's *Hollywood* runs on moments. A single handshake, a single look, a single perfect line reading can swing the door wide open. In the audition room, every sound, every breath, every glance matters. The actors who work the most know how to own those moments; they fill the space with energy, turn the air electric, and leave the casting team seeing the character long after they've left. Darya Balyura has been on the other side of that table for more than a decade, watching actors make that leap from another audition to our first choice. She has cast for over a hundred television and film productions, including *Switched at Birth* (Freeform) and *Being Human* (SYFY), working alongside acclaimed producers and helping shape the careers of breakout stars. She has seen the moments that land roles, and now she's ready to hand you the keys. Steal the Scene Before You Even Speak. They hire actors who command the room before the first word leaves their lips. Actors who connect instantly, lock eyes, and hold focus so tightly you can hear the silence shift. In these pages, you'll get the exact methods to become that actor, drawn from real casting experience and ready to use at your very next audition. Command the room from your first step inside and project a presence that draws every eye. Ignite interest with an opening beat that changes the air in the room. Deliver performances that play in the minds of casting teams long after you've left. Create self-tapes that shine with clarity, charisma, and authenticity in a flood of submissions. Master callbacks, chemistry reads, and network tests with precision and unshakable composure. Forge lasting connections with casting directors, producers, and agents who open the right doors. Adopt the mindset and habits of a consistently working actor in film and television. Transform each role, no matter the size, into a credit that builds unstoppable momentum. Every chapter is a playbook packed with field-tested strategies you can put to work immediately. You'll learn how casting directors evaluate talent, where their eyes go first, and what signals tell them you're the right choice. You'll walk into every audition from a quick self-tape to a high
