English Checkpoint 2011 Year 9 Paper:

Uneasy Military Encounters Ruth Streicher,2020-10-15 Uneasy Military Encounters presents a historically and theoretically grounded political ethnography of the Thai military s counterinsurgency practices in the southern borderland home to the greater part of the Malay Muslim minority Ruth Streicher argues that counterinsurgency practices mark the southern population as the racialized religious and gendered other of the Thai which contributes to producing Thailand as an imperial formation a state formation based on essentialized difference between the Thai and their others Through a genealogical approach Uneasy Military Encounters addresses broad conceptual questions of imperial politics in a non Western context How can we understand imperial policing in a country that was never colonized How is Islam constructed in a state that is officially secular and promotes Buddhist tolerance What are the historical dynamics of imperial patriarchy in a context internationally known for its gender pluralism The resulting ethnography excavates the imperial politics of concrete encounters between the military and the southern population in the ongoing conflict in southern Thailand **Asian Maritime Strategies** Bernard D Cole,2013-10-15 This book is concerned with both the national security concerns of Asian maritime nations and the security of the Asian maritime commons These are defined as the Pacific and Indian Oceans and associated seas bays and gulfs with their included sea lines of communication SLOCs The most useful geographical designation for maritime Asia is the Indo Pacific Bernard Cole provides both a survey of the maritime strategies of the primary nations of the Indo Pacific region and an evaluation of the domestic and international politics that drive those strategies The United States Canada Russia Japan North Korea South Korea China the Philippines Brunei Indonesia Vietnam Singapore Malaysia Myanmar India Pakistan Iran the smaller Indian Ocean and Persian Gulf states are all surveyed and analyzed The United States Japan China and India not surprisingly draw the most attention given their large modern navies and distant strategic reach The author concludes that the United States remains the dominant maritime power in this huge region stretching from Canada to the Persian Gulf despite its lack of a traditionally strong merchant marine U S maritime power remains paramount due primarily to its dominant navy The Chinese naval modernization program deservedly receives a good deal of public attention but Cole argues that on a day to day basis the Japanese Maritime Self Defense Force as its navy is named is the most powerful maritime force in Far Eastern waters while the modernizing Indian Navy potentially dominates the Indian Ocean In fact a focus of this work is the exemplary description of all the region s navies with the author noting the naval arms race that is underway particularly in the area of submarine acquisition Cole is careful to couch this phenomenon in the regional concerns about Chinese naval expansion and the desire to ensure a continued massive U S naval presence The current naval developments in the region evince elements of a naval arms race but lack the coherent maritime strategies to make naval developments dangerous to regional peace and security Most telling will be whether United States power and focus remain on the region while adjusting to continued Chinese maritime power in a way acceptable to both

nations No other current or recent work provides such a complete description of the Indo Pacific region s navies and maritime strategies while analyzing the current and future impact of those forces **Cyberspace in Peace and War, Second Edition** Martin Libicki,2021-09-15 This updated and expanded edition of Cyberspace in Peace and War by Martin C Libicki presents a comprehensive understanding of cybersecurity cyberwar and cyber terrorism From basic concepts to advanced principles Libicki examines the sources and consequences of system compromises addresses strategic aspects of cyberwar and defines cybersecurity in the context of military operations while highlighting unique aspects of the digital battleground and strategic uses of cyberwar This new edition provides updated analysis on cyberespionage including the enigmatic behavior of Russian actors making this volume a timely and necessary addition to the cyber practitioner s library Cyberspace in Peace and War guides readers through the complexities of cybersecurity and cyberwar and challenges them to understand the topics in new ways Libicki provides the technical and geopolitical foundations of cyberwar necessary to understand the policies operations and strategies required for safeguarding an increasingly online infrastructure

Transnational Feminist Perspectives on Terror in Literature and Culture Basuli Deb,2014-11-13 This book offers a transnational feminist response to the gender politics of torture and terror from the viewpoint of populations of color who have come to be associated with acts of terror Using the War on Terror in Afghanistan and Iraq this book revisits other such racialized wars in Palestine Guatemala India Algeria and South Africa It draws widely on postcolonial literature photography films music interdisciplinary arts media new media and activism joining the larger conversation about human rights by addressing the problem of a pervasive public misunderstanding of terrorism conditioned by a foreign and domestic policy perspective Deb provides an alternative understanding of terrorism as revolutionary dissent against injustice through a postcolonial transnational lens The volume brings counter terror narratives into dialogue with ideologies of gender race ethnicity nationality class and religion addressing the situation of women as both perpetrators and targets of torture and the possibilities of a dialogue between feminist and queer politics to confront securitized regimes of torture This book explores the relationship in which social and cultural texts stand with respect to legacies of colonialism and neo imperialism in a world of transnational feminist solidarities against postcolonial wars on terror **Architecture of Resistance** Yara Sharif,2017-05-08 Architecture of Resistance investigates the relationship between architecture politics and power and how these factors interplay in light of the Palestinian Israeli conflict It takes Palestine as the key ground of spatial exploration looking at the spaces between people boundary lines documents and maps in a search for the meaning of architecture of resistance Stemming from the need for an alternative discourse that can nourish the Palestinian spaces of imagination the author reinterprets the land from a new perspective by stripping it of the dominant power of lines to expose the hidden dynamic topography born out of everyday Palestine It applies a hybrid approach of research through design and visual documentary through text illustrations mapping techniques and collages to capture the absent local narrative as an essential

component of spatial investigation **Strangers, Neighbors, Friends** Kelly James Clark,Aziz Abu Sarah,Nancy Fuchs Kreimer,2018-08-06 From 9 11 to Israel Palestine to ISIS the fear of the religious stranger is palpable Conservative talk show hosts and liberal public intellectuals are united in blaming religion usually Islam for the world s instability If religion is part of the problem it can and should be part of the solution Strangers Neighbors Friends co authored by a Muslim a Christian and a Jew aims to inform and inspire Abraham s children that God calls us to extend our love beyond family and fellow believer to the stranger **Human Rights, Human Security, and State Security** Saul Takahashi,2014-07-15 This book provides innovative thinking from a variety of perspectives on the important human rights human security and national security policy issues of today and how these issues intersect The issue of human security comes into play in nearly every important policy debate in global politics and the protection of human rights is now recognized as one of the main functions of any legitimate modern state How can the international community best ensure that human rights are protected while simultaneously protecting state security Who should intervene in cases of mass gross violations and when are military actions justified This book seeks to address and explore these difficult and pressing questions by presenting the differing views of commentators from various ends of the spectrum Human Rights Human Security and State Security The Intersection consists of three volumes with each focusing primarily on one of the three broad areas while also drawing connections between them A powerful resource for policy makers and practitioners in national governments members of international organizations and scholars the innovative thinking presented will give readers a deepened understanding of the various international issues and help them to formulate effective policies in today s complex international landscape EHealth - For Continuity of Care C.
