

ENGLISH COMPOSITION & STYLE

Speakers and writers of any human language have many options when they compose each sentence they utter. English, for example, has been gifted with an enormous variety of sentence types. At first glance, each different sentence type may appear to mean exactly the same as every other type in the examples below so that one has the idea that there is an enormous amount of wasteful redundancy in the language. But that's not true. Each sentence has its own subtleties of emphasis and meaning.

Consider the sentence John sent Mary a letter below. It expresses the proposition in the most common grammatical pattern in English — the grammatical subject expresses the actor, the grammatical verb expresses the action, and the grammatical objects express the beneficiary and goal of the action.

1. The BASIC clause pattern in English

Grammar	Subject	Verb	Indirect Object	Direct Object
Meaning	Actor	Action	Beneficiary	Goal
Example	John	sent	Mary	a letter

In other words, what it means to be a subject in the basic English clause is to convey meaning about the actor or agent responsible for the action realized in the verb, etc. However, in addition to the basic clause, there are several more ways to express the same "basic" information, ways that allow the speaker or writer to emphasize and focus on different parts of the sentence.

2. PASSIVE VOICE

In the passive voice sentence pattern, we find a "reversal" of the information that is presented in the basic clause pattern. That is, the subject conveys the goal, not the actor, and the actor is mentioned later in the clause (in a structure known to grammarians as the adverbial), sometimes the actor is not mentioned at all. For example, consider both examples below, where first the subject expresses the goal in the first example and then the subject expresses the recipient in the second example.

Grammar	Subject	Verb	Adverbial	Adverbial
Meaning	Goal	Action	Recipient	Actor
Example	The letter	was sent	to Mary	by John

and

Grammar	Subject	Verb	Direct Object	Adverbial
Meaning	Recipient	Action	Goal	Actor
Example	Mary	was sent	a letter	by John

Passive voice allows the writer to focus attention on the recipient or the goal at those times when the writer wants to ensure that the readers' attention is focused on the most important part of the message in the sentence.

3. WH- CLEFT

To cleft means to cut or split into two parts, and the cleft sentence takes its name from the fact that the single clause of the basic sentence pattern above is split into two clauses. (We recognize a clause by the presence of a subject and a verb.) The *wh-* cleft is a sentence that splits the basic clause into two parts, with one of the sentence's parts beginning with a word that starts a *wh-*. For example, from the basic clause in (1) above, we can create several different *wh-* sentences of similar meaning:
