## **Good Supernatural Series:**

**Deciphering Good Omens** Erin Giannini, Amanda Taylor, 2023-09-20 Based on the novel by Neil Gaiman and Terry Pratchett the Amazon Prime series Good Omens quickly gained a cult following after debuting in May of 2019 Contained in this story of looming Armageddon are explorations of grief friendship good and evil the Bible Milton God and what it means to be human This book provides thirteen essays that center on various aspects of the show including theology fan culture female gaze textual elements and more Also examining Gaiman s sense of obligation to Pratchett as well as the relationship between Good Omens and the hit series Supernatural these essays provide a critical analysis of the show and its prominent themes

**Series B** Instituttet for sammenlignende kulturforskning, 1927 **Encyclopedia of Television Noir, 1949-2024** Vincent Terrace, 2026-01-29 Since the early days of film noir hundreds of television programs including pilots series and anthology episodes have adopted its distinctive style themes and subjects This encyclopedia the most comprehensive work yet published on television noir covers more than 650 programs in total and describes more than 270 series in detail In addition to crime dramas there are horror fantasy science fiction and other programs even rare comedies that meet the description of noir e g Glynis and Sledge Hammer Entries include many rare and thought to be lost series such as The Detective s Wife and Crime with Father and special sections catalog both aired and unaired pilot films as well as planned noir series that were never produced such as Suture Girl Black Magic Girl and Mr and Mr Illuminating a rarely studied programming category this reference book holds value for noir fans and students of television history

*Theological Reflections of a Christian Philosopher* Joseph John Sikora, 2012-12-06 The essays which follow as theological reflections of a Christian the ontological reality of philosopher are essays of inquiry concerning and underlying truths revealed by God Divine revelation of course cannot be encompassed within a few dogmatic formulae in any adequate manner it is the mysterious plenitude of the historical human encounter with the self revealing God Who has revealed His salvific designs for men This revelation can be approached from many view points of scientific study such as those of religious psychology historical theology Scriptural study the history of dogmas but also that of the philosophical thinker seeking to understand what he has already believed so far as this be possible in regard to the mysteries of God s inner life and of the new creation that He works in us by His grace In our rather non metaphysical age such an inquiry into the underlying ontological reality opened to us by the revelation of God is somewhat unfashionable but the issues remain and in fact one can only choose between a rather unconsciously and uncritically accepted attitude about the ontological significance of such dogmatic truths as the existence of the Trinity and the hypostatic union and created grace and a consciously and critically developed analysis in the light of and with the help of such understanding of being as the philosophers can offer Metaphysical theology of this kind is here to stay regardless of some prophets who would cut away the ground on which they stand

**The Twilight of the Gothic?** Joseph Crawford, 2014-05-15 This book explores the history of the paranormal romance genre from its origins in the

revisionist horror fiction of the 1970s via its emergence as a minor sub genre of romantic fiction in the early 1990s to its contemporary expansion in recent years into an often controversial genre of mainstream fiction Tracing the genre from its roots in older Gothic fiction written by and for women it explores the interconnected histories of Gothic and romantic fiction from Ann Radcliffe and Jane Austen in the eighteenth century to Buffy Twilight True Blood and The Vampire Diaries in the present day In doing so it investigates the extent to which the post Twilight paranormal romance really does represent a break from older traditions of Gothic fiction and just what it is about the genre that has made it so extraordinarily divisive captivating millions of readers whilst simultaneously infuriating and repelling so many others

**Best New Horror 2**  
 Ramsey Campbell, Stephen Jones, 2013-10-10 The sensational showcase of the year s very best horror stories from the greatest contemporary masters of fear

Moral Evil in Practical Ethics Shlomit Harrosh, Roger Crisp, 2018-07-17 The concept of evil is one of the most powerful in our moral vocabulary and is commonly used today in both religious and secular spheres to condemn ideas people their actions and much else besides Yet appeals to evil in public debate have often deepened existing conflicts through corruption of rational discourse and demonization of the other With its religious overtones and implied absolutism the concept of evil seems ill suited to advancing public discourse and pro social relations in a liberal democracy as evidenced by its use in the abortion debate International relations have also suffered from references to an axis of evil Recently however philosophers have begun reconceptualising evil within a secular moral framework using the idea of evil as the worst kind of immorality to inform and shape our responses to issues like torture genocide and rape as a weapon of war This book continues this trend exploring a constructive role for the concept of evil in practical ethics Part I of the book begins with two examinations of the concept itself one focusing primarily on its secular manifestations and the other on evil in its religious context Individuals are perhaps the primary focus of attributions of evil and Part II looks at two particular manifestations of evil in bullying and in mass killing before considering the nature of evil as an immoral character trait Part III moves beyond the individual to issues of collective evil doing evil environments and political evil The final part considers responses to evil can some evil be unforgiveable and to what extent should we enhance ourselves morally so as to prevent future evil doing These essays written by leading philosophers from around the world including the late Claudia Card will take the philosophical debate on moral evil in practical ethics to a new level
