

Fabric Mover™ with Stitch Regulator Tip Sheet

- Watch the instructional DVD that comes with the Fabric Mover with Stitch Regulator.
- Remove the Accessory Tray from your machine.
- Set up on a sturdy table, vibration will interfere with the signal being sent to the Stitch Regulator Brain.
- Clear the space around the Fabric Mover.
- Be sure the Fabric Mover is level and moves over the free arm of the machine.
- Use any of the Husqvarna Viking Free Motion Feet appropriate for your model.
- Drop the foot teeth.
- Set the needle to stop in the needle down position if the machine has that feature. If the feature is not available tap the foot pedal/switch to drop the needle in the down position each time you stop sewing to move the opening in the Fabric Mover to a new area for stitching.
- The stitch length can be set 1.5 mm (far left) – 4.0 mm (far right). The center position is 2.5 mm.
- Needle thread and bobbin thread should match if possible.
- Wind several bobbins to save time.
- Baste strips of stabilizer to the edge of a smaller project to allow stitching to go all the way to the edge of the fabric while allowing the project to sit firmly on the textured surface of the Fabric Mover.
- The “foot control” on the Fabric Mover with Stitch Regulator is an on/off switch only.
- Use the heel of your foot on the foot pedal/switch instead of your toe to turn on and off the Fabric Mover, or use your left foot. It doesn’t “know how” to sew!
- Bring up the bobbin thread and take a few stitches in place before beginning to sew to bring the motor up to speed.
- Do a test sample looking for necessary tension adjustments.
- Move only the Fabric Mover surface – not the fabric.
- If the red light on the brain remains on and the stitches are uneven, slow the movement of the Fabric Mover down.
- When finished with one area, stop sewing with the needle down, reach under the fabric/quilt and move the Fabric Mover to the desired area to be stitched next and begin again.
- Husqvarna Viking Fabric Mover with Stitch Regulator works with all fabrics, all colors, and all battings.
- The V placement lines on the Fabric Mover with Stitch Regulator is for the Designer I or the Designer SE. Place the Scandinavia & Platinum machines at the P line then test the movement of the Fabric Mover.
- When using with a Designer with Sensor System, set on Free Motion, Menu V (VI) to set the Sensor System for Free Motion.
