Righting Canada's Wrongs: Inuit Relocations Frank James Tester, Krista Ulujuk Zawadski, 2023-11-07 A ground breaking account of multiple forced relocations by the Canadian government of Inuit communities and individuals All have been the subject of apologies but are little known beyond the Arctic The Inuit community has proven resilient to many attempts at assimilation relocation and evacuation to the south In a highly visual and appealing format for young readers this book explores the many forced relocation of Inuit families and communities in the Canadian Arctic from the 1950s to the 1990s Governments promoted and forced relocation based on misinformation and

racist attitudes These actions changed Inuit lives forever This book documents the Inuit experience and the resilience and strength they displayed in the face of these measures Years afterwards there have been multiple apologies by the Canadian government for its actions and some measure of restitution for the harms caused Included in the book are accounts of a community forced to move to the High Arctic where they found themselves with little food and almost no shelter of children suddenly taken away from their families and communities to be transported to hospitals for treatment for tuberculosis and of the notorious slaughter by RCMP officers of hundreds of sled dogs in Arctic settlements Though apologies have been made Inuit in northern Canada still face conditions of inadequate housing schools that fail to teach their language and epidemics of infectious diseases like TB Yet still the Inuit have achieved a measure of self government control over resource development while they enrich cultural life through music film art and literature This book enables readers to understand the colonialism and racism that remain embedded in Canadian society today and the successful resistance of Inuit to assimilation and loss of cultural identity Like other volumes in the Righting Canada s Wrongs series this book uses a variety of visuals first person accounts short texts and extracts from documents to appeal to a wide range of young readers
