The Inequality Paradox Douglas McWilliams,2018-10-09 In his illuminating new book Douglas McWilliams argues that inequality is largely driven not by a conspiracy of the rich as Thomas Piketty suggests but by technology and globalization that have led to the paradox of rising inequality even as worldwide poverty drops But what are the implications of this seeming contradiction and what ultimately drives the global distribution of wealth What can societies do to reshape capitalism for the 21st century Drawing on the latest research McWilliams investigates how wealth is concentrated and why it persistently remains in the hands of very few In

accessible and thought provoking prose McWilliams poses a comprehensive theory on why capitalism has not met its match in the form of increasingly disparate income distribution but warns of the coming wave of technological development the fourth industrial revolution that threatens to create a scarcity of unskilled jobs that will lead to even greater inequality and explains what governments can do to prepare for this From the inquisitive layperson to the professional economist or policymaker *The Inequality Paradox* is essential reading for understanding the global economy in its present state McWilliams is a fresh authoritative voice entering the global discussion making this book indispensable in preparing for the imminent economic challenges of our changing world

Flight Risk Forrest L. Marion, 2018-10-15 From the 1920s Afghanistan maintained a small air arm that depended heavily upon outside assistance Starting in 2005 the United States led an air advisory campaign to rebuild the Afghan Air Force AAF In 2007 a formal joint combined entity led by a U S Air Force brigadier general began air advisor work with Afghan airmen Between 2007 and 2011 these efforts made modest progress in terms of infrastructures personnel and aircraft accessions and various training courses But by 2010 advisors increasingly viewed AAF command and control C2 as a problem area that required significant improvement if a professional air force was to be built In the spring of 2011 major institutional changes to AAF C2 procedures were being introduced when nine U S air advisors were killed The attack was the worst single incident loss of U S Air Force personnel in a deployed location since 1996 and the worst insider attack since 2001 From the day of that tragic event the cultural chasm between Afghanistan and the West became more apparent This dilemma continues with no end in sight to an air advisory mission of uncertain long term value

[The Return of Egypt](#) Stefano M. Torelli, 2015-09-17 Egypt has reappeared again as a leading actor in the Middle East After the fall of Mubarak the rise to power of the Muslim Brotherhood and its ouster the country has chosen its new strongman Following the elections of al Sisi Egypt is back to pursuing a pro active policy not only internally but also in the neighbourhood The restoration of the strategic axis with Saudi Arabia and the struggle against radical Islam are the two pillars of this new political phase However there are critical elements too from further deterioration of the political and civil liberties indexes to the emergence of jihadist groups in the Sinai to the enduring economic and financial difficulties As a result of these changes Europe and Italy should calibrate a new policy aimed at safeguarding their interests especially from the points of view of security stability and the fight against terrorism also promoting more inclusive practices by the Cairo government vis vis the

opposition including the Muslim Brotherhood and developing policies which can help Egypt to respond to future challenges in terms of economic growth poverty alleviation demographic pressure and the creation of employment opportunities
