

What is Figure 19?

Figure 19 is a combination of every higher-level comprehension skill all rolled in to one student expectation. It covers everything from author's purpose and inferring to summarizing and making connections. These skills are crucial to real reading and effective readers use these skills to construct meaning from all texts they read.

Research about why these strategies are so important has been presented for years and years, most notably (in my humble opinion) in Reading With Meaning, by Debbie Miller.

Figure 19 TEKS should be consistently addressed in daily classroom instruction. Any reading that students do should include a study of these crucial comprehension strategies.

These easy-to-use pages allow students to communicate their understanding of the Figure 19 TEKS, and serve as a springboard for comprehension discussions with peers, parents, and teachers.
