Manual Do Focus 2003:

Focus on Terrorism Edward V. Linden, 2007 Terrorism sadly seems here to stay and to stay with a vengeance It turns out that the United States was not prepared for it and now must play catch up In doing so even agreement on how to define terrorism is in doubt and what to do about it seems beyond comprehension at the moment This volume presents a broad cross section of analyses of weaknesses and actions in the ongoing battle including cyberterrorism international terrorism and societal implications of terrorism

Focus on Cognitive Disorder Research William P. Briscoe, 2007 Cognitive disorders are defined as those in which a limitation of cognitive functioning is the main feature They include amnesic disorders Huntington s disease and mental retardation dementia delirium aphasia and cognitive disorders not otherwise specified This book brings together leading researchers from throughout the world

Focus On People and Migration NA, 2016-04-30 Focus on People and Migration paints a comprehensive picture of the UK s population both now and in the future The report examines where people live in the UK and provides an in depth look at the UK s largest urban areas It then focuses on the age structure of the UK population fertility and mortality patterns and the movement of people into out of and within the UK and examines how these factors will shape the future UK population Particular population groups such as those born overseas are examined in more depth and finally the UK s demographic characteristics are compared with those of other countries to give an international perspective

Garthus-Niegel,Antje Horsch,Yael Benyamini,2021-09-28 *Focus Groups* Graham R. Walden,2008-07-07 This volume is the first of two volumes that address the most recent ten years 1997 2006 of focus group studies and research literature Volume one provides coverage of the arts and humanities social sciences and the nonmedical sciences and volume two concentrates on the medical and health sciences These volumes cover the English language academic literature books chapters in books journal articles and significant pamphlets available in libraries via interlibrary loan and online A variety of materials are included instructional guides handbooks reference works textbooks and academic journal literature In Focus Groups Volume I the following subject disciplines have been considered in the arts and humanities linguistics music religion and sports and leisure studies in the social sciences anthropology business cartography communication demography education law library science political science psychology and sociology and in the non medical sciences agriculture biology engineering environmental sciences and physics The selected entries have a minimum of four pages and include 29 books 50 book chapters 349 articles and 10 pamphlets for a total of 438 entries An appendix includes the titles of the 245 journals cited along with the appropriate entry numbers for each Author and subject indexes provide access to the contents with the subject index providing access to unique terms The detailed contents pages are designed to enable the reader to quickly find appropriate entries through the use of extensive and detailed subheadings *The BWC Focus* ,2002 *Enemy Combatants, Terrorism, and Armed Conflict Law* David K. Linnan,2008-01-30 With a renewed emphasis on national and homeland security the United States is once again seeking to balance the needs of the state with both the rights of its citizens as well as those of other nations This book represents an interdisciplinary approach to the legal dilemmas borne out by the war on terror against the specific background of Afghanistan Iraq and this new kind of conflict It is a strong contribution to a broader debate visible since 9 11 which will remain in the public eye for the foreseeable future It addresses the overlap between religion ethics armed conflict and law within the context of the current conflict While many issues in areas such as intelligence reconciliation of civil liberties dealing with terrorist threats and the permissible bounds of interrogation treatment of prisoners and laws governing armed conflict have long standing precedents under domestic and international law this war has challenged even long standing legal interpretations The contributors to this volume explore those

precedents and contemporary challenges to them Now that traditional wars between nation states are no longer the rule the terrorist threat has gained credence popularly terrorism and its claimed breeding ground in failed states linked in practice to issues of intervention on the territory of states harboring such groups In military circles the idea of armed struggle between modern military forces and what were formerly called guerillas has now largely been replaced by asymmetric warfare and the concept of intelligence and preventive action interchangeably within U S borders and overseas Opposing views contemplate that different and presumably lower legal standards may apply in internal armed conflicts Such legal issues are visible under current circumstances of asymmetric warfare in conjunction with questions about prisoner status and detentions including the permissible bounds of interrogation versus torture following the Abu Ghraib prison scandal in Iraq but also the treatment at the Guantanamo Bay facility of alleged Al Qaeda captives from Afghanistan All of the contributors in this book explore the changing circumstances against which these contentious new legal issues now unfold The experts strike no consensus Indeed one of the work s many strengths can be attributed to the fact that the many facets of the ongoing debate are represented herein
