

# ELEMENTARY SCIENCE OLYMPIAD AND YOUR SCHOOL

Since 1984, Science Olympiad has provided schools with STEM programming that supports academic standards, career exploration and preparation, and soft skill development for students in grades K-12.

In the classroom or after school, Elementary Science Olympiad (ESO) for grades K-6 is not only a wonderful part of an elementary STEM program, it can also prepare students for competition and academic success in middle and high school, serving as a STEM pipeline for the school district.

**Non-Competitive Options:** Elementary Science Olympiad activities (we call them Events) help to build understanding of basic STEM concepts through hands-on learning. Events like *Gummy Bear Long Jump*, *Don't Bug Me* and *Rock Hound* help children build understanding and confidence in a fun, low pressure environment. Science Olympiad's manuals and kits help teachers and volunteers to successfully deliver impactful STEM learning experiences!

**Competitive Options:** Some states offer competitive elementary tournaments. Students prepare for competitive Events like *Aerodynamics*, *Crime Busters*, and *Mission Possible* and compete in local, regional and state competitions. Email [elementary@soinc.org](mailto:elementary@soinc.org) to learn more.

Manual, kit and program information can be found on our website:
