Monthly musical record ,1886 Ovid with an English Translation Ovid,Arthur Leslie Wheeler,1924 *Great Thinkers in 60 Minutes - Volume 4* Walther Ziegler,2023-01-11 Great Thinkers in 60 Minutes Volume 4 comprises the five Books Schopenhauer in 60 Minutes Nietzsche in 60 Minutes Wittgenstein in 60 Minutes Kafka in 60 Minutes and Arendt in 60 Minutes Each short study sums up the key idea at the heart of each respective thinker and asks the question Of what use is this key idea to us today But above all the philosophers get to speak for themselves Their most important statements are prominently presented as direct quotations in speech balloons with appropriate graphics with exact indication of the source of each quote in the author s works This light hearted but nonetheless scholarly precise rendering of the ideas of each thinker makes it easy for the reader to acquaint him or herself with the great questions of our lives Because every philosopher who has achieved global fame has posed the question of meaning what is it that holds at the most essential level the world together For Schopenhauer it is the blind will that drives on every entity in the world For Nietzsche it is will to power that urges human beings to a radical individual realization of the self Wittgenstein for his part sees in language and our day to day language games the central element that marks our existence and society as a whole Kafka by contrast discovered a very secret and fragile dimension of our lives the dimension of inter human relations and this relation s dark side Arendt finally provides us with her thesis of the banality of evil a marvellous insight into the morality and amorality of entire societies In other words the meaning of the world and thus of our own lives remains among philosophers a topic of great controversy One thing though is sure each of these five thinkers struck from his own perspective one brilliant spark out of that complex crystal that is the truth **The ^ASkeptical Sublime** James Noggle,2001-11-01 This book argues that philosophical skepticism helps define the aesthetic experience of the sublime in late seventeenth and eighteenth century British literature especially the poetry of Alexander Pope Skeptical doubt appears in the period as an astonishing force in

discourse that cannot be controlled doubt's boundless Sea in Rochester's words and as such is consistently seen as affiliated with the sublime itself emerging as an important way to conceive of excessive power in rhetoric nature psychology religion and politics This view of skepticism as a force affecting discourse beyond its practitioners control links Noggle's discussion to other theoretical accounts of sublimity especially psychoanalytic and ideological ones that emphasize the sublime's activation of unconscious personal and cultural anxieties and contradictions But because *The Skeptical Sublime* demonstrates the sublime's roots in the epistemological obsessions of Pope and his age it also grounds such theories in what is historically evident in the period's writing The skeptical sublime is a concrete primary instance of the transformation of modernity's main epistemological liability its loss of certainty into an aesthetic asset retaining however much of the unsettling irony of its origins in radical doubt By examining the cultural function of such persistent instability this book seeks to clarify the aesthetic ideology of major writers like Pope Swift Dryden and Rochester among others who have been seen sometimes confusingly as both reactionary and supportive of the liberal Whig model of taste and civil society increasingly dominant in the period While they participate in the construction of proto aesthetic categories like the sublime to stabilize British culture after decades of civil war and revolution their appreciation of the skepticism maintained by these means of stabilization helps them express ambivalence about the emerging social order and distinguishes their views from the more providentially assured appeals to the sublime of their ideological opponents Babel, 1995 *The Monthly Musical Record*,
