## Introduction

More and more organizations are finally starting to understand the importance of diversity, inclusion, and equity. Creary et al. noted that more than 70% of individuals are more prone to working in organizations that are interested in promoting DEI policies (2021). Striving for a diverse, inclusive, and equitable working climate will allow the employees to be more satisfied with their job, will ensure a diverse conversation with multiple points of view, and will ensure more creativity and originality within the workforce. However, certain issues need to be addressed when it comes to applying such policies to an organization.

## A Diverse, Inclusive, and Equitable Culture in Organizations

Since multiple organizations are eager to promote diverse, inclusive, and equitable cultures within their workplaces, it is essential to explain the definitions that describe those notions. The terms refer to workspaces that do not discriminate. According to researchers, the pandemic and mass protests against police brutality and racial inequality have influenced employers to create a more diverse and inclusive environment for each employee (Creary et al., 2021). While these terms are all related to equality, they all have different meanings. Diversity relates to a policy that aims to include a different range of people, while inclusivity refers to the act of making all those people feel included in the conversation. On the other hand, an equitable culture suggests fairness and impartiality towards all parties. A diverse, inclusive, and equitable culture in an organization suggests an open-minded team of people of different backgrounds, values, ethnicities, and cultures who can communicate and interact without fear of being misunderstood or silenced.

This language arts textbook focuses on fundamental elements such as crafting strong thesis statements, developing well-structured paragraphs, and supporting arguments with credible evidence. It emphasizes that effective essay writing is not merely a formulaic exercise but a dynamic process of critical thinking. The book draws upon the historical context of rhetoric and argumentation from ancient Greeks to modern scholars, adapting these principles to contemporary academic and professional writing. The book argues that mastering essay writing enhances communication skills applicable in various settings. It guides readers through each stage of the essay writing process, beginning with an introduction to core concepts and the importance of audience awareness. Dedicated chapters explore thesis statements, paragraph construction, and evidence-based argumentation, culminating in refining writing through revision strategies and stylistic considerations. *Diversity, Equity, and Inclusion in Action* Christine Bombaro, 2020-10-27 All too often, in a hurried attempt to catch up, diversity training can create division among staff or place undue burdens on a handful of employees. Instead, academic libraries need approaches to diversity, equity, and inclusion (DEI) that position these priorities as ongoing institutional and professional goals. This book's model programs will help academic libraries do exactly that: sharing a variety of initiatives that possess clear goals, demonstrable outcomes, and reproducible strategies. Librarians, administrators, and directors will all benefit from the programs detailed inside, which include such topics as a university library's community of practice for interactions and learning around DEI, cultural competency training to create more welcoming instruction spaces, student workshops on literature searches that mitigate bias, overcoming the historic tendency to marginalize LGBTQ representation in archives, a curriculum and design workshop that moved from discussing social values to embedding them in actions, the founding of a library-led LGBTQ club for students at a rural community college, a liberal arts college's retention boosting program for first-generation students, tailoring a collection and library services to the unique needs of student veterans, and a framework for moving from diversity to equity and inclusion toward a goal of social justice.
