BBQ Cookbook - Secret Recipes for Men Pitmaster Bbq,2019-02-14 Grab this awesome Cookbook to master your BBQ Skills and write down your very special secret Barbecue Recipes **Gridiron Gourmet** Maria J. Veri,Rita Liberti,2019-09-02 On football weekends in the United States thousands of fans gather in the parking lots outside of stadiums where they park their trucks let down the gates and begin a pregame ritual of drinking and grilling Tailgating which began in the early 1900s as a quaint picnic lunch outside of the stadium has evolved into a massive public social event with complex menus extravagant creative fare and state of art grilling equipment Unlike traditional notions of the home kitchen the blacktop is a highly masculine culinary environment in which men and the food they cook are often the star attractions Gridiron Gourmet examines tailgating as shown in television film advertising and cookbooks and takes a close look at the experiences of those tailgaters who are as serious about their brisket as they are about cheering on their favorite team demonstrating how and why the gendered performances on the football field are often matched by the intensity of the masculine displays in front of grills smokers and deep fryers

Diners, Dudes, and Diets Emily J. H. Contois,2020-10-02 The phrase dude food likely brings to mind a range of images burgers stacked impossibly high with an assortment of toppings that were themselves once considered a meal crazed sports fans demolishing plates of radioactively hot wings barbecued or bacon wrapped anything But there is much more to the phenomenon of dude food than what s on the plate Emily J H Contois s provocative book begins with the dude himself a man who retains a degree of masculine privilege but doesn t meet traditional standards of economic and social success or manly self control In the Great Recession s aftermath dude masculinity collided with food producers and marketers desperate to find new customers The result was a wave of new diet sodas and yogurts marketed with dude friendly stereotypes a transformation of food media and weight loss programs just for guys In a work brimming with fresh insights about contemporary American food media and culture Contois shows how the gendered world of food production and consumption has influenced the way we eat and how food itself is central to the contest over our identities
