

Week 1

Diagnostics / Review

Part 1: Diagnostics

- Take the free diagnostics for all subjects
 - Math
 - Grammar
 - Vocabulary
 - Biology
 - Reading
 - Anatomy & Physiology (AAP)

Review your results

For topics where you scored well, check these items and only make additional practice if you feel you still need to work on it.

For topics where you scored lower than you intended or than you are comfortable with, look for all of the material covered in review throughout the month leading up to your exam.

For topics you need to still work on, check your notes and diagnostic results. If you have 40% or above on a topic, it means you are doing better than you are. You can now skip that topic and study other areas that you need to work on.

You can also check topics which you scored lower on the diagnostic to see what you can study on so that you have more time to work on it.
