

Week 1

Diagnostics/Review

Part 1: Diagnostics

Take the free diagnostics for all subjects:

- Math
- Grammar
- Vocabulary
- Biology
- Reading
- Anatomy & Physiology (AAP)

Review your results:

For topics where you scored well, simply review the answers and only make flashcards for concepts that you get wrong on each quiz.

For topics where you scored low, focus your attention on those quizzes and make flashcards for all of the questions correct to review throughout the month leading up to your exam.

You may also want to add your study plan based on your diagnostic results. If you score 80% or above on a quiz or written and you have limited time, you can review that quiz from your study plan and follow it to the end if you have time.

You can also make topics where you scored lower on the diagnostic to come earlier in the study plan so that you have more time to review them.

Part 2: Reviewing Each Subject

In addition to the diagnostic tests, begin to review the following subjects during Week 1:
