Koppelman,1984 Inside and outside marriage what happens to the woman betrayed How do abandoned wives or lovers feel What happens when the battle between the sexes becomes a triangle The plots in this collection of eighteen stories written between the 1840s and 1980s are infinitely variable and the outcomes will enrage shock amuse and sometimes hearten In some stories women forge links with other women in solidarity In others women fight for their men and win In many stories the betrayal ultimately enriches the central character who learns through the loss of her man the value of her own life A Study Guide for Ellen Glasgow's "The Difference" Cengage Learning Gale,2017-07-25 A Study Guide for Ellen Glasgow s The Difference excerpted from Gale s acclaimed Short Stories for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Short Stories for Students for all of your research needs [7 best short stories by Ellen Glasgow](#) Ellen Glasgow,August Nemo,2020-08-27 Welcome to the 7 Best Short Stories book series were we present to you the best works of remarkable authors This edition is dedicated to Ellen Glasgow was an American novelist who won the Pulitzer Prize for the Novel in 1942 A lifelong Glasgow portrayed the changing world of the contemporary South differing from the idealistic escapism that characterized Southern literature after Reconstruction Works selected for this book The Shadowy Third Dares Gift The Past Whispering Leaves A Point in Morals The Difference Jordans End Bonus content Evasive Idealism in Literature by Ellen Glasgow If you appreciate good literature be sure to check out the other Tacet Books titles **The Review of Reviews** ,1906 [Ellen Glasgow: Between Two Worlds](#) Alice Gilborn,1968 *The Voice Of The People Book I Fair Weather At Kingsborough* Ellen Glasgow,2024-08 In the post Civil War South the story begins with the fall of the Southern aristocracy and the rise of new social and political forces The main character Nicholas Burr is an ambitious young man from a humble agrarian background who dreams of rising above his station As he navigates the changing landscape of the Reconstruction era he is confronted with the harsh realities of social change and industrialization Glasgow s depiction of small town life is rich with detail illustrating the everyday experiences of its inhabitants and their responses to the broader changes sweeping through the South The novel also addresses the racial tensions of the time portraying the complex interactions between different communities and the impact of Reconstruction policies on their lives The interplay of personal and political aspirations underscores the challenges faced by individuals striving for social justice in a deeply divided society Overall Book I of The Voice of the People provides a compelling exploration of the Reconstruction era focusing on themes of social justice personal ambition and the enduring struggle for equality in the Southern United States Ellen Glasgow s nuanced storytelling and keen observation offer a powerful commentary on the social and political transformations of her time **Short Story Index: 1959-1963** ,1965 **The Roots of Southern Writing** C. Hugh Holman,2008 At the heart of

the southern riddle you will find a union of opposites a condition of instability a paradox Calm grace and raw hatred Polished manners and violence An intense individualism and intense group pressures toward conformity A reverence to the point of idolatry of self determining action and a caste and class structure presupposing an aristocratic hierarchy A passion for political action and a willingness to surrender to the enslavement of demagogues A love of the nation intense enough to make the South's fighting men notorious in our wars and the advocacy of interposition and of the public defiance of national law A region breeding both Thomas Jefferson and John C Calhoun If these contradictions are to be brought in focus if these ambiguities are to be resolved it must be through the reconciliation of opposites And the reconciliation of opposites as Coleridge has told us is the function of the poet So begins the first of these seventeen penetrating essays drawn from long and fruitful reflection of southern life and art by C Hugh Holman Professor Holman maintains that there is a congeries of characteristics identifiably present in much southern writing and he astutely defines them in this collection William Gilmore Simms Ellen Glasgow Thomas Wolfe William Faulkner and Flannery O Connor are treated at length Among the other authors considered in terms of their roles in the making of the southern mind are James Branch Cabell T S Stribling Erskine Caldwell and Robert Penn Warren The essays strike a fine balance between general overview and specific analysis and they are so arranged as to make a unified study which forms a significant chapter in the intellectual history of the South Professor Holman asserts that out of the cauldron of the South's experience the southern writer has fashioned tragic grandeur and given it as a gift to his fellow Americans It is possible that no other southern accomplishment will equal it in enduring importance As urbanization and industrialism conspire to write an Epitaph for Dixie its greatest contribution to mankind may well be the lesson of its history and the drama of its suffering In these superb essays the author makes a convincing argument for that position
